Competitive Infrastructure Funding Opportunities for Local Governments

Transportation

[Rebuilding American Infrastructure Sustainably and Equitably \(RAISE\) Grants](#)

This existing competitive grant program at the Department of Transportation provides funding for road, rail, transit, and other surface transportation of local and/or regional significance. Selection criteria priorities include safety, sustainability, equity, economic competitiveness, mobility, and community connectivity.

Eligible Applicants: States and the District of Columbia; any territory or possession of the United States; a unit of local government; a public agency or publicly chartered authority established by 1 or more States; a special purpose district or public authority with a transportation function, including a port authority; a federally recognized Indian Tribe or a consortium of such Indian Tribes; a transit agency; and a multi-State or multijurisdictional group of entities that are separately eligible.

[Port Infrastructure Development Program Grants](#)

This existing Department of Transportation program funds investment in the modernization and expansion of U.S. ports to remove supply chain bottlenecks, ensure long-term competitiveness, resilience, and sustainability while reducing impacts to the environment and neighboring communities. The infrastructure law expanded the program's eligibilities to include projects that improve goods movement, as well as port electrification projects, idling reduction solutions, equipment charging infrastructure and related worker training initiatives.

Eligible Applicants: A port authority, a commission or its subdivision or agent under existing authority, A State or political subdivision of a State or local; An Indian Tribe, A public agency or publicly chartered authority established by one or more States, A special purpose district with a transportation function, A multistate or multijurisdictional group of entities; or A lead entity described above jointly with a private entity or group of private entities (including the owners or operators of a facility, or collection of facilities, at a port). Federal agencies are not eligible applicants for the FY 2023 PIDP.

[Bus & Bus Facilities Competitive Grants](#)

This existing program at the Department of Transportation provides capital funding to replace, rehabilitate, purchase, or lease buses and bus related equipment and to rehabilitate, purchase, construct, or lease bus-related facilities – as well as capital funding for low or no emissions bus projects.

Eligible Applicants: Designated recipients that allocate funds to fixed-route bus operators, States (including territories and Washington D.C.) or local governmental entities that operate fixed route bus service, and Indian tribes. Eligible subrecipients include all otherwise eligible applicants and also private nonprofit organizations engaged in public transportation.

[National Infrastructure Project Assistance \(also known as “Megaprojects” or MEGA\)](#)

This grant program supports multi-modal, multi-jurisdictional projects of regional or national significance. Communities are eligible to apply for funding to complete critical large projects that would otherwise be unachievable without assistance.

Eligible Applicants: A State or a group of States; a metropolitan planning organization; a unit of local government; a political subdivision of a State; a special purpose district or public authority with a transportation function, including a port authority; a Tribal government or a consortium of Tribal governments; a partnership between Amtrak and 1 or more entities described in subparagraphs (A) through (F); and; a group of entities described in any of subparagraphs (A) through (G).

The Department of Justice offers funding opportunities to support law enforcement and public safety activities in state, local, and tribal jurisdictions; to assist victims of crime; to provide training and technical assistance; to conduct research; and to implement programs that improve the criminal, civil, and juvenile justice systems.

DOJ Bureau of Justice Assistance programs

[Office of Justice Programs \(OJP\)](#) provides innovative leadership to federal, state, local, and tribal justice systems, by disseminating state-of-the-art knowledge and practices across America, and providing grants for the implementation of these crime fighting strategies. Because most of the responsibility for crime control and prevention falls to law enforcement officers in states, cities, and neighborhoods, the federal government can be effective in these areas only to the extent that it can enter into partnerships with these officers. Therefore, OJP does not directly carry out law enforcement and justice activities. Instead, OJP works in partnership with the justice community to identify the most pressing crime-related challenges confronting the justice system and to provide information, training, coordination, and innovative strategies and approaches for addressing these challenges. OJP's goals are to strengthen partnerships with state, local and tribal stakeholders; ensure integrity of, and respect for, science - including a focus on evidence-based, "smart on crime" approaches in criminal and juvenile justice; and administer OJP's grant awards process in a fair, accessible and transparent fashion - and, as good stewards of federal funds, manage the grants system in a manner that avoids waste, fraud and abuse.

Stand Down events assist veterans experiencing homelessness by providing a wide range of employment, social, and health services. VETS awards these noncompetitive grants on a first-come, first-served basis to support one-day or multi-day events at up to \$7,000 or \$10,000, respectively. The critical services provided at these events are often the catalyst that enables those individuals to reenter the workforce.

Eligible Applicants: State workforce agencies, State and local workforce investment boards, Veterans service organizations, Local public agencies and nonprofit organizations, including community and faith-based organizations.

U.S. DEPARTMENT OF TRANSPORTATION

The U.S. Department of Transportation provides grants to help build up and maintain a fast, safe, efficient, accessible, and convenient transportation system for the American people, today and into the future. The programs below includes grant programs authorized under the Bipartisan Infrastructure Law for the Department of Transportation. It is not all-inclusive but most are listed. It does not include programs that were authorized but are subject to appropriation.

Electric Vehicles, Buses and Ferries

Charging and Fueling Infrastructure Grants (Community Charging)

Competitive grant program to strategically deploy publicly accessible electric vehicle charging infrastructure and other alternative fueling infrastructure along designated alternative fuel corridors. At least 50 percent of this funding must be used for a community grant program where priority is given to projects that expand access to EV charging and alternative fueling infrastructure within rural areas, low- and moderate-income neighborhoods, and communities with a low ratio of private parking spaces.

Eligible Applicants: State governments, agencies, and authorities, including those of Puerto Rico and U.S. territories, Local and regional governments and agencies such as counties, municipalities, local law enforcement, and regional planning organizations, Federally recognized Tribal governments, Transportation providers and operators such as airports, rail carriers, port authorities, transit providers, and private-sector transportation companies, Nonprofit organizations, Any privately owned business or organization that does not qualify as a nonprofit, A person not operating as a representative of any of the stakeholders defined above.

Electric or Low-Emitting Ferry Program

The Bipartisan Infrastructure Law, enacted as the Infrastructure Investment and Jobs Act, establishes an Electric or Low-Emitting Ferry Pilot Program that makes federal funding available to provide grants for the purchase of electric or low-emitting ferries and the electrification of or other reduction of emissions from existing ferries.

Eligible Applicants: "Will be identified in a Notice of Funding Opportunity."

Low or No Emission (Bus) Grants (includes \$375 million Bus and Bus Facilities Competitive Grants set aside)

The Bipartisan Infrastructure Law, enacted as the Infrastructure Investment and Jobs Act, continues the Grants for Buses and Bus Facilities program, which makes funding available to states, designated recipients, and local governmental entities that operate fixed route bus service to replace, rehabilitate, and purchase buses and related equipment and to construct bus-related facilities including technological changes or innovations to modify low- or no- emission vehicles or facilities. Funding is provided through formula allocations and competitive grants. Two sub-programs provide competitive grants for buses and bus facility projects, including one that supports low and zero-emission vehicles.

Eligible Applicants: Designated recipients that operate fixed route bus service or that allocate funding to fixed route bus operators; and state or local governmental entities that operate fixed route bus service that are eligible to receive direct grants under the Urbanized Area Formula (Section 5307) and Rural Formula (Section 5311) programs. *Subrecipients:* An eligible recipient that receives a grant under the formula or competitive programs may allocate amounts from the grant to subrecipients that are public agencies or private nonprofit organizations engaged in public transportation, except that nonprofit organizations are not eligible subrecipients under the Low or No Emission Grants program.

Passenger and Freight Rail

[Infrastructure and Safety Improvement Grants](#)

Funding for a wide range of projects that improve the safety, efficiency, and reliability of intercity passenger and freight rail. Includes capital projects – such as track, station and equipment improvements, congestion mitigation, grade crossings, and track relocation, and deployment of railroad safety technology; regional rail and corridor service development plans and corresponding environmental analyses; safety programs and institutes, including workforce development and training activities; research, development, and testing to advance innovative rail projects.

Eligible Applicants: States, including the District of Columbia, A group of States, An Interstate Compact, A public agency or publicly chartered authority established by 1 or more States, A political subdivision of a State, Amtrak & other Rail Carriers providing intercity rail passenger transportation, Class II/III Railroads and NEW Associations that represent a Class II/III Railroads, Rail Carriers & Equipment Manufacturers, in partnership with at least 1 of the first five entities shown above, NEW Federally recognized Indian Tribe, Transportation Research Board, University Transportation Centers engaged in rail-related research, Non-profit labor organizations representing rail employees.

[Federal-State Partnership for Intercity Passenger Rail Grants](#)

This program provides funding for capital projects that reduce the state of good repair backlog, improve performance, or expand or establish new intercity passenger rail service, including privately operated intercity passenger rail service, if an eligible applicant is involved.

Eligible Applicants: States, including the District of Columbia, A group of States, An Interstate Compact, A public agency or publicly chartered authority established by one or more States, A political subdivision of a State, Amtrak, acting on its own behalf or under a cooperative agreement with one or more States, A federally recognized Indian Tribe, Any combination of the entities described above.

Ports and Waterways

[Port Infrastructure Development Program Grants](#)

The Port Infrastructure Development Program supports the efficient movement of commerce upon which our economy relies through discretionary grant funding that helps strengthen, modernize, and improve our country's maritime systems and gateway ports. Grants are awarded on a competitive basis and support the Nation's long-term economic vitality. Port Infrastructure Development grants provide

planning, operational and capital financing, and project management assistance to improve port capacity and operations.

Eligible Applicants: Port authority, a commission or its subdivision or agent under existing authority, a State or political subdivision of a State or local, an Indian Tribe, a public agency or publicly chartered authority established by one or more States, a special purpose district with a transportation function, a multistate or multijurisdictional group of entities, or a lead entity described above jointly with a private entity or group of private entities (including the owners or operators of a facility, or collection of facilities, at a port).

Reduction of Truck Emissions at Port Facilities

The BIL established this program to study and provide grants to reduce idling at port facilities, including through the electrification of port operations.

Eligible Applicants: A State or local government or political subdivision thereof; a transit agency; any metropolitan planning organization (MPO) (vs. under the FAST Act, only MPOs that represented a population of more than 200,000); a multijurisdictional group made up of the above eligible applicants, with a signed agreement to implement the initiative across jurisdictional boundaries; and a consortium of research or academic institutions.

Public Transportation

All Stations Accessibility Program

The Bipartisan Infrastructure Law, enacted as the Infrastructure Investment and Jobs Act, establishes a new All Stations Accessibility Program (ASAP) to provide federal competitive grants to assist eligible entities in financing capital projects to upgrade the accessibility of legacy rail fixed guideway public transportation systems for people with disabilities, including those who use wheelchairs, by increasing the number of existing stations or facilities for passenger use that meet or exceed the new construction standards of Title II of the Americans with Disabilities Act of 1990 (42 U.S.C. 12131 et seq.).

Eligible Applicants: States and local government authorities.

Bus and Bus Facilities Competitive Grants

The Grants for Buses and Bus Facilities Competitive Program (49 U.S.C. 5339(b)) makes federal resources available to states and direct recipients to replace, rehabilitate and purchase buses and related equipment and to construct bus-related facilities, including technological changes or innovations to modify low or no emission vehicles or facilities. Funding is provided through formula allocations and competitive grants.

Eligible Applicants: Designated recipients that operate fixed route bus service or that allocate funding to fixed route bus operators; and state or local governmental entities that operate fixed route bus service that are eligible to receive direct grants under the Urbanized Area Formula (Section 5307) and Rural Formula (Section 5311) programs.

Capital Investment Grants

The Bipartisan Infrastructure Law, enacted as the Infrastructure Investment and Jobs Act, continues the discretionary Fixed Guideway Capital Investment Grants (CIG) program, which funds fixed guideway investments including new and expanded rapid rail, commuter rail, light rail, streetcars, bus rapid transit, and ferries, as well as corridor-based bus rapid transit investments that emulate the features of rail. There are three categories of eligible projects under the CIG program: New Starts, Small Starts, and Core Capacity.

Eligible Applicants: State and local government agencies, including transit agencies.

Enhanced Mobility of Seniors and Individuals with Disabilities

This program funds transportation services planned, designed, and carried out to meet the special transportation needs of seniors and individuals with disabilities in all areas – large urbanized (200,000 or more in population), small urbanized (50,000-199,999 in population), and rural (under 50,000 in population). Eligible projects include both traditional capital investment and nontraditional investment beyond the Americans with Disabilities Act (ADA) complementary paratransit services.

Eligible Applicants: Rural and small urbanized areas (small UZAs), the state is the direct recipient. For large urbanized areas (large UZAs), the governor of the state chooses a designated recipient. State or local governmental entities that operate a public transportation service are also eligible recipients. Subrecipients can include states or local government authorities, private nonprofit organizations, or operators of public transportation.

Formula Grants for Rural Areas

The Bipartisan Infrastructure Law, enacted as the Infrastructure Investment and Jobs Act, continues the Formula Grants for Rural Areas Program, which provides capital, planning, and operating assistance to states and federally recognized Indian tribes to support public transportation in rural areas with populations less than 50,000, where many residents often rely on public transit to reach their destinations. It also provides funding for state and national training and technical assistance through the Rural Transportation Assistance Program. Eligible recipients include states and federally recognized Indian tribes; sub recipients may include state or local government authorities, nonprofit organizations, or operators of public transportation or intercity bus service that receive funds indirectly through a recipient.

Eligible Applicants: State or local governmental authorities.

Pilot Program for Transit Oriented Development

The Bipartisan Infrastructure Law, enacted as the Infrastructure Investment and Jobs Act, continues the competitive Transit Oriented Development (TOD) planning program, that provides funding for efforts associated with an eligible transit project for which the project sponsor will seek funding through FTA's Capital Investment Grants Program. TOD focuses growth around transit stations to create compact, mixed-use communities with easy access to jobs and services. TOD capitalizes on public investments in transit and supports transit systems by increasing ridership and fare revenue.

Eligible Applicants: State or local governmental authorities.

Rail Vehicle Replacement Grants

The Bipartisan Infrastructure Law added a competitive component for state and local governmental authorities to fund capital projects for the replacement of rail rolling stock.

Eligible Applicants: State and local governmental authorities, state and local governmental authorities in urbanized areas with fixed guideway and high intensity motorbus systems that have been in operation for at least seven years.

State of Good Repair Grants

The Bipartisan Infrastructure Law, enacted as the Infrastructure Investment and Jobs Act, continues the State of Good Repair grants program. This program provides financial assistance to transit agencies that operate fixed-guideway and high-intensity motorbus systems for the maintenance, replacement, and rehabilitation of capital assets, including competitive grants for rail rolling stock, as well as for the development and implementation of transit asset management plans. These funds reflect a commitment to ensuring that public transportation operates safely, efficiently, reliably, and sustainably so communities can offer balanced transportation choices that help to improve mobility, reduce congestion, and encourage economic development.

Eligible Applicants: State and local governmental authorities, state and local governmental authorities in urbanized areas with fixed guideway and high intensity motorbus systems that have been in operation for at least seven years.

Strengthening Mobility and Revolutionizing Transportation (SMART) Grants

The SMART program was established to provide grants to eligible public sector agencies to conduct demonstration projects focused on advanced smart community technologies and systems in order to improve transportation efficiency and safety.

Eligible Applicants: A State; A political subdivision of a State; A Tribal government; A public transit agency or authority; A public toll authority; A metropolitan planning organization; And a group of 2 or more eligible entities detailed above, applying through a single lead applicant.

Urbanized Area Formula Grants

The Urbanized Area Formula grant program that makes federal resources available to urbanized areas and governors for transit capital and operating assistance in urbanized areas and for transportation-related planning. An urbanized area is an incorporated area with a population of 50,000 or more that is designated as such by the U.S. Department of Commerce, Bureau of the Census.

Eligible Applicants: Public bodies with the legal authority to receive and dispense federal funds. Governors, responsible local officials, and publicly owned operators of transit services are required to designate a recipient to apply for, receive, and dispense funds for urbanized areas pursuant to 49 U.S.C. 5307. The governor or governor's designee is the designated recipient for urbanized areas between 50,000 and 200,000.

Urbanized Area Passenger Ferry Program

The Passenger Ferry Grant program (49 U.S.C. 5307(h)) provides competitive funding for projects that support passenger ferry systems in urbanized areas. These funds constitute a core investment in the

enhancement and revitalization of public ferry systems in the nation's urbanized areas. Funds are awarded based on factors such as the age and condition of existing ferry boats, terminals and related infrastructure; benefits to riders, such as increased reliability; project readiness; and connectivity to other modes of transportation.

Eligible Applicants: Designated recipients, eligible direct recipients of Section 5307 funds, States and federally recognized Tribes that operate a public ferry system in an urbanized area.

Resilience

Emergency Preparedness Grants

This program funds activities for protecting, repairing, and/or replacing equipment and facilities that may suffer or have suffered serious damage as a result of an emergency, including natural disasters such as floods, hurricanes, and tornadoes.

Eligible Applicants: States and local governmental authorities, including public transportation agencies.

Roads, Bridges and Major Projects

Advanced Transportation Technologies & Innovative Mobility

The purpose of the Advanced Transportation Technologies and Innovative Mobility Deployment (ATTIMD) initiative is to make competitive grants for the development of model deployment sites for large scale installation and operation of advanced transportation technologies to improve safety, efficiency, system performance, and infrastructure return on investments.

Eligible Applicants: a State or local government or political subdivision thereof; a transit agency; any metropolitan planning organization (MPO) (vs. under the FAST Act, only MPOs that represented a population of more than 200,000); a multijurisdictional group made up of the above eligible applicants, with a signed agreement to implement the initiative across jurisdictional boundaries; and a consortium of research or academic institutions.

Bridge Investment Program

The Bridge Investment Program was established to improve bridge (and culvert) condition, safety, efficiency, and reliability. Eligible projects will replace, rehabilitate, preserve or protect one or more bridges on the National Bridge Inventory, or replace or rehabilitate culverts to improve flood control and improve habitat connectivity for aquatic species.

Eligible Applicants: State, MPO (w/ pop. >200K), Local government, Special purpose district or public authority with a transportation function, Federal land management agency, Tribal government.

Local and Regional Project Assistance Grants (RAISE)

RAISE discretionary grants help project sponsors at the State and local levels, including municipalities, Tribal governments, counties, and others complete critical freight and passenger transportation infrastructure projects of significant local or regional impact. The eligibility requirements of RAISE allow project sponsors to obtain funding for projects that are harder to support through other U.S. DOT grant programs.

Eligible Applicants: States and the District of Columbia; any territory or possession of the United States; a unit of local government; a public agency or publicly chartered authority established by one or more States; a special purpose district or public authority with a transportation function, including a port authority; a Federally recognized Indian Tribe or a consortium of such Indian Tribes; a transit agency; and a multi-State or multijurisdictional group of entities that are separately eligible. Federal agencies are not eligible applicants for the FY 2023 RAISE program. 12 Multiple States or jurisdictions may submit a joint application and should identify a lead applicant as the primary point of contact and also identify the primary recipient of the award. Joint applications should include a description of the roles and responsibilities of each applicant.

National Culvert Removal, Replacement, & Restoration Grant

The National Culvert Removal, Replacement, and Restoration Grant Program (Culvert Aquatic Organism Passage (AOP) Program) is an annual competitive grant program that awards grants to eligible entities for projects for the replacement, removal, and repair of culverts or weirs that meaningfully improve or restore fish passage for anadromous fish. Anadromous fish species are born in freshwater such as streams and rivers, spend most of their lives in the marine environment, and migrate back to freshwater to spawn.

Eligible Applicants: Tribes, States, and units of local government.

National Infrastructure Project Assistance (Megaprojects)

The Mega Program supports large, complex projects that are difficult to fund by other means and likely to generate national or regional economic, mobility, or safety benefits. In 2022 Mega funding was available under a combined Notice of Funding Opportunity (NOFO) that allowed applicants to use one application to apply for up to three separate discretionary grant opportunities including Mega Grants, INFRA Grants, and Rural Surface Transportation Grants.

Eligible Applicants: A State or a group of States; A metropolitan planning organization; A unit of local; A political subdivision of a State; A special purpose district or public authority with a transportation function, including a port authority; A Tribal government or a consortium of Tribal governments; A partnership between Amtrak and 1 or more entities described in subparagraphs (A) through (F); and; A group of entities described in any of subparagraphs (A) through (G).

Nationally Significant Freight & Highway Projects (INFRA)

INFRA (known statutorily as the Nationally Significant Multimodal Freight & Highway Projects) awards competitive grants for multimodal freight and highway projects of national or regional significance to improve the safety, efficiency, and reliability of the movement of freight and people in and across rural and urban areas.

Eligible Applicants: A State or a group of States, A metropolitan planning organization that serves an urbanized area (as defined by the Bureau of the Census) with a population of more than 200,000 individuals, A unit of local government or a group of local governments, A political subdivision of a State or local government, A special purpose district or public authority with a transportation function, including a port authority, A Federal land

management agency that applies jointly with a State or group of States, A Tribal government or a consortium of Tribal governments, A multistate corridor organization, A multistate or multijurisdictional group of entities described in this paragraph.

Reconnecting Communities Pilot Program

The Bipartisan Infrastructure Law (BIL) established the new Reconnecting Communities Pilot (RCP) discretionary grant program, funded with \$1 billion over the next 5 years. It is the first-ever Federal program dedicated to reconnecting communities that were previously cut off from economic opportunities by transportation infrastructure. Funding supports planning grants and capital construction grants, as well as technical assistance, to restore community connectivity through the removal, retrofit, mitigation, or replacement of eligible transportation infrastructure facilities.

Eligible Applicants: States, Units of local, Federally Recognized Tribal governments, Metropolitan Planning Organizations, Nonprofit organizations.

Rural Surface Transportation Grant Program

The Rural Surface Transportation Grant Program will support projects to improve and expand the surface transportation infrastructure in rural areas to increase connectivity, improve the safety and reliability of the movement of people and freight, and generate regional economic growth and improve quality of life.

Eligible Applicants: State, Regional transportation planning organizations, Local governments, Tribal governments.

Nationally Significant Freight and Highway Projects - State Incentives Pilot Program Set-aside

INFRA (known statutorily as the Nationally Significant Multimodal Freight & Highway Projects) awards competitive grants for multimodal freight and highway projects of national or regional significance to improve the safety, efficiency, and reliability of the movement of freight and people in and across rural and urban areas.

Eligible Applicants: A State or a group of States, A metropolitan planning organization that serves an urbanized area (as defined by the Bureau of the Census) with a population of more than 200,000 individuals, A unit of local government or a group of local governments, A political subdivision of a State or local government, A special purpose district or public authority with a transportation function, including a port authority, A Federal land management agency that applies jointly with a State or group of States, A Tribal government or a consortium of Tribal governments, A multistate corridor organization, A multistate or multijurisdictional group of entities described in this paragraph.

Safety

Commercial Driver's License Implementation Program

This discretionary grant seeks to improve highway safety by supporting Commercial Driver's License Programs on a State and National level. The funding assists grant partners in achieving compliance with

the commercial driver's license regulations in 49 CFR Parts 383 and 384 by providing funding directly to States and other entities capable of executing National projects to aid States in their compliance efforts.

Eligible Applicants: Agencies in each State, including the District of Columbia, responsible for the development, implementation, and maintenance of all or part of the CDL program or that have a direct impact on a State's compliance with the provisions of 49 CFR Parts 383 and 384. Agencies other than the lead CDL agency should coordinate, if practical, with the lead CDL agency prior to submitting an application. For High Priority and Emerging Issues funding, eligible Applicants include State (including the District of Columbia) agencies, local governments, or other persons.

Highway Safety Improvement Program

The BIL continues the Highway Safety Improvement Program (HSIP) to achieve a significant reduction in traffic fatalities and serious injuries on all public roads, including non-State-owned public roads and roads on tribal land. The HSIP requires a data-driven, strategic approach to improving highway safety on all public roads that focuses on performance. Funding is apportioned as a lump sum for each State which then divides that total among apportioned programs.

Eligible Applicants: City, a county, or a tribal government.

Natural Gas Distribution Infrastructure Safety and Modernization Grants

The program offers nearly \$200 million in grants annually over the next five years to improve the safety of high-risk, leak-prone natural gas distribution infrastructure and create good-paying jobs, with an emphasis on benefiting underserved communities, in both rural and urban areas.

Eligible Applicants: County governments, City or township governments, Native American tribal governments, Nonprofits that do not have a 501(c)(3) status with the IRS (other than institutions of higher education), Municipality or community owned utilities (not including for-profit entities).

Railroad Crossing Elimination Grants

This program provides funding for highway-rail or pathway-rail grade crossing improvement projects that focus on improving the safety and mobility of people and goods.

Eligible Applicants: States, including the District of Columbia, Puerto Rico, and other United States territories and possessions; Political subdivision of a state; Federally recognized Indian Tribe; A unit of local government or a group of local governments; A public port authority; A metropolitan planning organization; A group of the entities described above.

Safe Streets and Roads for All

BIL establishes the new Safe Streets and Roads for All (SS4A) discretionary grant program, which supports local initiatives to prevent death and serious injury on roads and streets, commonly referred to as "Vision Zero" or "Toward Zero Deaths" initiatives. The SS4A program supports the U.S. Department of Transportation's (DOT) National Roadway Safety Strategy and a goal of zero deaths and serious injuries on our nation's roadways.

Eligible Applicants: A metropolitan planning organization (MPO); a political subdivision of a State or territory; a federally recognized Tribal government; and a multijurisdictional group of entities described in any of the aforementioned three types of entities.

Wildlife Crossings Pilot Program

BIL establishes a pilot program to provide grants for projects designed to reduce wildlife-vehicle collisions and improve habitat connectivity. It also requires the Secretary to update a 2008 study on wildlife vehicle collisions, including the causes and impacts of wildlife collisions as well as solutions and best practices for reducing wildlife collisions and improving habitat connectivity.

Eligible Applicants: State and local governments, metropolitan planning organizations, regional transportation authorities, and federal land management agencies.

OTHER

Technical Assistance and Workforce Development Grants

The program is intended to: (1) Carry out technical assistance activities that enable more effective and efficient delivery of transportation services, foster compliance with federal laws, and improve public transportation service; (2) Develop standards and best practices for the transit industry; and (3) Address public transportation workforce needs through research, outreach, training and the implementation of a frontline workforce grant program, and conduct training and educational programs in support of the public transportation industry.

Eligible Applicants: Federal government departments, agencies, and instrumentalities of the government; Metropolitan Planning Organizations; state and local governmental entities; providers of public transportation; and national nonprofit organizations that have the appropriate demonstrated capacity to provide public transportation-related technical assistance.

ECONOMIC DEVELOPMENT ADMINISTRATION (EDA)

The only federal government agency focused exclusively on economic development, the U.S. Department of Commerce's Economic Development Administration (EDA) plays a critical role in facilitating regional economic development efforts in communities across the nation. EDA works directly with communities and regions to help them build the capacity for economic development based on local business conditions and needs. EDA's grant investments in planning, technical assistance, and infrastructure construction are designed to leverage existing regional assets to support the implementation of economic development strategies that make it easier for businesses to start and grow. Grants are designed to leverage existing regional assets to support the implementation of economic development strategies that advance new ideas and creative approaches to help communities experiencing economic distress, take control of their future and position themselves for economic prosperity and resiliency.

EDA Grant Programs

[Build to Scale \(formerly known as Regional Innovation Strategies\)](#)

The Build to Scale (B2S) Program helps build inclusive regional innovation economies that foster the development and growth of technology-driven businesses through its Venture Challenge and Capital Challenge. Grants are awarded to organizations with a demonstrated commitment and ability to augment existing regional assets to foster innovation and scalable enterprises over an approximately three year period of performance. B2S does not directly fund individuals, startups, or other private companies.

Eligible Applicants: A State, An Indian tribe, A city or other political subdivision of a State, An entity whose application is supported by a State or a political subdivision of a State and that is— a nonprofit organization, an institution of higher education, a public-private partnership, a science or research park, a Federal laboratory, a venture development organization, or an economic development organization or similar entity that is focused primarily on improving science, technology, innovation, or entrepreneurship; or A consortium of any of the aforementioned entities.

[Economic Adjustment](#)

The Economic Adjustment Assistance (EAA) program is EDA's most flexible program, providing a wide range of technical, planning, and public works and infrastructure assistance in regions experiencing adverse economic changes that may occur suddenly or over time. Assists state and local interests in designing and implementing strategies to adjust or bring about change to an economy. The program focuses on areas that have experienced or are under threat of serious structural damage to the underlying economic base. Under Economic Adjustment, EDA administers its [Revolving Loan Fund \(RLF\) Program](#), which supplies small businesses and entrepreneurs with the gap financing needed to start or expand their business.

Eligible Applicants: Native American tribal governments, State, County, Special district governments, City or township, Nonprofits that do not have a 501(c)(3) status with the IRS (other than institutions of higher education), Nonprofits having a 501(c)(3) status with the IRS (other than institutions of higher education), Public and State controlled institutions of higher education, Private institutions of higher education.

Economic Recovery Corps

This program is a network of Economic Recovery Corps fellows to add human capital to local organizations focused on improving economic resilience and competitiveness in distressed regions across the country.

Eligible Applicants: State governments, City or township governments, Native American tribal governments, Public and State controlled institutions of higher education, Nonprofits having a 501(c)(3) status with the IRS (other than institutions of higher education), County governments.

Equity Impact Investments

Equity Impact Investments provides technical assistance to enable organizations serving underserved populations and communities to participate in economic development planning and projects.

Eligible Applicants: State governments, City or township governments, Nonprofits having a 501(c)(3) status with the IRS (other than institutions of higher education), Public and State controlled institutions of higher education, Native American tribal governments, County governments.

Local Technical Assistance

This program helps fill the knowledge and information gaps that may prevent leaders in the public and nonprofit sectors in distressed areas from making optimal decisions on local economic development issues.

Eligible Applicants: Nonprofits that do not have a 501(c)(3) status with the IRS (other than institutions of higher education), Special district governments, County, Private institutions of higher education, City or township, State, Nonprofits having a 501(c)(3) status with the IRS (other than institutions of higher education), Public and State controlled institutions of higher education, Native American tribal governments.

Planning

Planning grants support local organizations ([Economic Development Districts](#), [Indian Tribes](#), and other eligible areas) with short and long-term planning efforts. The [Comprehensive Economic Development Strategy \(CEDS\) Content Guidelines](#), provides suggestions, tools, and resources for developing comprehensive economic development strategies.

Eligible Applicants: County governments, Special district governments, City or township governments, State governments, Nonprofits having a 501(c)(3) status with the IRS (other than institutions of higher education), Private institutions of higher education, Native American tribal governments, Public and State controlled institutions of higher education, Nonprofits that do not have a 501(c)(3) status with the IRS (other than institutions of higher education).

Public Works

Regional Technology and Innovation Hubs and Recompets (no active website yet; program under development)

- The Regional Technology and Innovation Hub Program authorizes EDA to designate, plan, and implement geographically-distributed “regional technology hubs.” These hubs would focus on technology development, job creation, and expanding U.S. innovation capacity.

- The Recompete Pilot Program authorizes EDA to make concentrated economic development investments in communities with large prime age employment gaps.

These programs were recently authorized by the CHIPS and Science Act of 2022, and funds were first appropriated via the Consolidated Appropriations Act, 2023. EDA is underway with design and implementation of this program, and encourages interested stakeholders to learn more by reading the programs’ authorizations ([15 U.S.C. § 3722a for Regional Technology and Innovation Hubs](#); [15 U.S.C. § 3722b for Recompets](#)) and [EDA’s Statement On Fiscal Year 2023 Appropriation](#).

Eligible Applicants: Institutions of higher education, which may include Historically Black Colleges and Universities, Tribal Colleges or Universities, Minority-serving institutions, State, territorial, local, or Tribal governments or other political subdivisions of a State, State and local agencies, Industry or firms in relevant technology, innovation, or manufacturing sectors, Economic development organizations or similar entities that are focused primarily on improving science, technology, innovation, entrepreneurship, or access to capital, Labor organizations or workforce training organizations, which may include State and local workforce development boards as established under sections 3111 and 3122 of title 29.

Research and National Technical Assistance (RNTA)

The RNTA program funds research, evaluation, and national technical assistance projects that promote competitiveness and innovation in distressed rural and urban regions throughout the United States and its territories.

Eligible Applicants: A District Organization; an Indian Tribe or a consortium of Indian Tribes; a State; a city or other political subdivision of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; an institution of higher education or a consortium of institutions of higher education; a public or private non-profit organization or association acting in cooperation with officials of a political subdivision of a State; private individual; or a for-profit organization.

Revolving Loan Fund (RLF)

EDA provides [Economic Adjustment Assistance](#) (PDF) grants to eligible recipients to capitalize or recapitalize lending programs that service businesses that cannot otherwise obtain traditional bank financing (and in limited situations to governmental entities for public infrastructure). These loans provide access to capital as gap financing to enable small businesses to grow and generate new employment opportunities with competitive wages and benefits. Financing also helps retain jobs that might otherwise be lost, create wealth, and support minority and women-owned businesses.

Eligible Applicants: State, county, city, or other political subdivision of a State; Indian tribe; EDA-approved district organization; institution of higher education; and public or private non-profit organization. While individuals and for-profit entities are not eligible for an EAA award to establish an RLF, individuals and for-profit entities are eligible to apply for and receive loans from an RLF established by an eligible entity.

[Scaling Pandemic Resilience Through Innovation and Technology \(SPRINT\) Challenge](#)

This national competition was designed to support the development, creation, or expansion of programs that accelerate technology-based economic development and respond to the challenges caused by the coronavirus pandemic.

Eligible Applicants: District Organization of an EDA-designated Economic Development District; Indian Tribe or a consortium of Indian Tribes; State, county, city, or other political subdivision of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; Institution of higher education or a consortium of institutions of higher education; or Public or private non-profit organization or association acting in cooperation with officials of a political subdivision of a State.

[STEM Talent Challenge](#)

The U.S Economic Development Administration's STEM Talent Challenge aims to build STEM talent training systems to strengthen regional innovation economies. U.S. DEPARTMENT OF HOMELAND SECURITY FEDERAL EMERGENCY MANAGEMENT AGENCY (FEMA)

FEMA Grant funds are available for pre and post emergency or disaster related projects. These funds support critical recovery initiatives, innovative research and many other programs. Grants are the principal funding mechanism FEMA uses to commit and award federal funding to eligible state, local, tribal, territorial, certain private non-profits, individuals and institutions of higher learning.

FEMA Preparedness Grants

Preparedness grants help develop and sustain capabilities at the state and local, tribal and territorial levels and in our nation's highest-risk transit systems, ports and along our borders to prevent, protect against, respond to, recover from and mitigate terrorism and other high-consequence disasters and emergencies.

[Assistance to Firefighters Grants Program](#)

The Assistance to Firefighters Grants Program (AFGP) provides funding to help firefighters and other first responders obtain critically needed equipment, protective gear, emergency vehicles, training and other resources necessary for protecting the public and emergency personnel from fire and related hazards.

Eligible Applicants: Eligible Fire departments, nonaffiliated Emergency Medical Services (EMS), state fire training academies, and non-federal airport and/or port authority fire or EMS organizations.

[Staffing for Adequate Fire and Emergency Response \(SAFER\)](#)

The Staffing for Adequate Fire and Emergency Response Grants (SAFER) was created to provide funding directly to fire departments and volunteer firefighter interest organizations to help them increase or maintain the number of trained, "front line" firefighters available in their communities to enhance the local fire departments' abilities to comply with staffing, response and operational standards.

Eligible Applicants: Fire departments operating in any of the 50 states (as well as fire departments in the District of Columbia, the Commonwealth of the Northern Mariana Islands, the U.S. Virgin Islands, Guam, American Samoa, the Commonwealth of Puerto Rico, 1 or any federally recognized Indian tribe or tribal organization). Volunteer and combination fire departments operating in any of the 50 states (as well as fire departments in the District of Columbia, the Commonwealth of the Northern Mariana Islands, the U.S. Virgin Islands, Guam, American Samoa, the Commonwealth of Puerto Rico, or any federally recognized Indian tribe or tribal organization).

[Emergency Management Performance Grant](#)

The Emergency Management Performance Grant (EMPG) provides state, local, tribal and territorial emergency management agencies with the resources required for implementation of the National Preparedness System and works toward the National Preparedness Goal of a secure and resilient nation.

Eligible Applicants: All 56 states and territories (including all 50 states, the District of Columbia, the Commonwealth of Puerto Rico and the territories of American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, and the U.S. Virgin Islands). Either the State Administrative Agency or the state's Emergency Management Agency is eligible to apply directly to FEMA for EMPG Program funds on behalf of each state or territory. However, only one application is accepted from each state or territory. Please refer to Section C of the FY 2022 EMPG Program NOFO for more information on eligibility.

Port Security Grant Program

The Port Security Grant Program (PSGP) provides funding to state, local and private-sector partners to help protect critical port infrastructure from terrorism, enhance maritime domain awareness, improve port-wide maritime security risk management, and maintain or reestablish maritime security mitigation protocols that support port recovery and resiliency capabilities.

Eligible Applicants: All entities subject to an Area Maritime Security Plan, as defined by 46 U.S.C. § 70103(b), may apply for PSGP funding (including, but not limited to, port authorities, facility operators, and state, territorial, and local government agencies). A facility operator owns, leases, or operates any structure or facility of any kind located in, on, under, or adjacent to any waters subject to the jurisdiction of the United States. Examples of facility operators include, but are not limited to, terminal operators, ferry systems, bar/harbor pilots, and merchant's exchanges. Ferry systems that elect to participate under the FY 2022 PSGP are not considered for funding under the FY 2022 Transit Security Grant Program (TSGP). Likewise, any ferry system that elects to participate in the FY 2022 TSGP is not considered for funding under the FY 2022 PSGP.

State and Local Cybersecurity Grant Program

The State and Local Cybersecurity Grant Program provides funding to eligible entities to address cybersecurity risks and cybersecurity threats to information systems owned or operated by, or on behalf of, state, local, or tribal governments.

Eligible Applicants: All 56 states and territories (including any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands). Accordingly, the Governor designated State Administrative Agency (SAA) is the only entity eligible to submit SLCGP applications to DHS/FEMA. Although Tribes are not eligible to apply directly for SLCGP funding, they may be eligible subrecipients, and can receive SLCGP funding as a local government.

Transit Security Grant Program

The Transit Security Grant Program (TSGP) provides funding to eligible public transportation systems (which include intra-city bus, ferries and all forms of passenger rail) to protect critical transportation infrastructure and the travelling public from terrorism, and to increase transportation infrastructure resilience.

Eligible Applicants: Eligible applicants are limited to the passenger rail, intra-city bus and ferry systems described in the 2022 notice: [The Department of Homeland Security \(DHS\) Notice of Funding Opportunity \(NOFO\) Fiscal Year 2022 Transit Security Grant Program | FEMA.gov](#)

FEMA's hazard mitigation assistance programs provide funding for eligible mitigation measures that reduce disaster losses. "Hazard mitigation" is any sustainable action that reduces or eliminates long-term risk to people and property from future disasters. Mitigation planning breaks the cycle of disaster damage, reconstruction and repeated damage. Hazard mitigation includes long-term solutions that reduce the impact of disasters in the future.

[Hazard Mitigation Grant Program \(HMGP\)](#)

The Hazard Mitigation Grant Program (HMGP) provides funding to state, local, tribal and territorial governments so they can rebuild in a way that reduces, or mitigates, future natural disaster losses in their communities. HMGP funding is authorized with a Presidential Major Disaster Declaration.

Eligible Applicants: Eligible states, territories, and federally recognized tribes can submit applications on behalf of subapplicants for HMGP funding via the National Emergency Management Information System ([NEMIS](#)), the grants management system to apply for and manage grants. Homeowners, business operators, and non-profit organizations cannot apply directly to FEMA, but can be included in a subapplication submitted by an eligible subapplicant.

[Flood Mitigation Assistance \(FMA\) Grant](#)

The Flood Mitigation Assistance Program grant program provides funding to states, local communities, tribes and territories to mitigate flood-damaged properties with the goal of reducing or eliminating claims under the National Flood Insurance Program (NFIP).

Eligible Applicants: States, the District of Columbia, U.S. territories, and Indian tribal governments (federally recognized). Local governments, including cities, townships, counties, special district governments, state agencies, and federally recognized tribal governments (who choose to apply as subapplicants) are considered subapplicants and must submit subapplications to their state/territory/tribal applicant agency.

[Building Resilient Infrastructure and Communities \(BRIC\)](#)

The Building Resilient Infrastructure and Communities (BRIC) grant program supports state, local, tribal and territorial government as they implement hazard mitigation projects to reduce the risks from disasters and natural hazards.

Eligible Applicants: Eligible states, territories and federally recognized tribal governments can submit applications on behalf of subapplicants for BRIC funding via [FEMA Grants Outcomes \(FEMA GO\)](#). Applicants may have their own priorities or requirements when screening their subapplications. Subapplicants cannot submit these directly to FEMA. Subapplicants must submit them to their applicant for review and submission.

[Safeguarding Tomorrow through Ongoing Risk Mitigation \(STORM\) Act](#)

The Safeguarding Tomorrow through Ongoing Risk Mitigation (STORM) Act authorizes FEMA to provide capitalization grants to states, eligible federally recognized tribes, territories and the District of Columbia to establish revolving loan funds to help local governments carry out hazard mitigation projects that reduce disaster risks for homeowners, businesses, nonprofit organizations and communities to help them build climate resilience.

Eligible Applicants: States, Federally recognized tribes that received a major disaster declaration pursuant to Section 401 of the Stafford Act, Puerto Rico, the Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands District of Columbia. Local governments apply through their State as a subrecipient.

Eligible applicants: Public housing authorities/Indian housing authorities.

[Lead Hazard Reduction Grant Program](#)

The purpose of the Lead-Based Paint Hazard Reduction (LHR) grant program is to maximize the number of children under the age of six protected from lead poisoning by assisting states, cities, counties/parishes, Native American Tribes or other units of local government in undertaking comprehensive programs to identify and control lead-based paint hazards in eligible privately-owned rental or owner-occupied housing populations.

Eligible applicants: County governments, State governments, City or township governments and federally recognized Native American tribal governments.

[Continuum of Care \(CoC\) Program](#)

The Continuum of Care (CoC) Program is designed to promote communitywide commitment to the goal of ending homelessness; provide funding for efforts by nonprofit providers, and State and local governments to quickly rehouse homeless individuals and families while minimizing the trauma and

dislocation caused to homeless individuals, families, and communities by homelessness; promote access to and effect utilization of mainstream programs by homeless individuals and families; and optimize self-sufficiency among individuals and families experiencing homelessness.

Eligible applicants: Nonprofit organizations; state governments; local governments; instrumentalities of state and local governments; and Indian Tribes and tribally designated housing entities.

Choice Neighborhoods Planning Grants

Choice Neighborhoods Planning Grants support the development of comprehensive plans to revitalize severely distressed public housing and/or HUD-assisted housing and the surrounding neighborhood. Communities will develop a comprehensive neighborhood revitalization strategy, or Transformation Plan, to achieve the program's three core goals: Housing, People and Neighborhood. The Transformation Plan will become the guiding document to carryout subsequent implementation of the plan for the target housing units while simultaneously directing the transformation of the surrounding neighborhood and positive outcomes for families.

Eligible applicants: Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education, City or township governments, Public housing authorities/Indian housing authorities, County governments, and Federally recognized Native American tribal governments.

Choice Neighborhoods Implementation Grants

Choice Neighborhoods Implementation Grants support the implementation of comprehensive neighborhood revitalization plans that are expected to achieve the following three core goals: 1. Housing: Replace distressed public and assisted housing with high-quality mixed-income housing that is well-managed and responsive to the needs of the surrounding neighborhood; 2. People: Improve outcomes of households living in the target housing related to employment and income, health, and children's education; and 3. Neighborhood: Create the conditions necessary for public and private reinvestment in distressed neighborhoods to offer the kinds of amenities and assets, including safety, good schools, and commercial activity, that are important to families' choices about their community.

Eligible applicants: City or township governments, Public housing authorities/Indian housing authorities. The local government of jurisdiction must be either the Lead Applicant or Co-Applicant. The Lead Applicant can be either a Public Housing Agency (PHA), local government, or tribal entity. A Co-Applicant can be a local government, PHA, tribal entity, or the owner of the target HUD-assisted housing (e.g., nonprofit or for-profit developer).

Authority to Accept Unsolicited Proposals for Research Partnerships

This program allows HUD's Office of Policy Development and Research (PD&R) to accept unsolicited research proposals that address current research priorities.

Eligible applicants: Philanthropic entities, other Federal agencies, State or local governments and their agencies, Indian Tribes, tribally designated housing entities, or colleges or universities located in the United States.
