Project Purpose: The purchase of this new technology will allow for both VHF and 800 MHz to be utilized using one single radio, enabling Portage police personnel to continue to operate on a VHF signal while having the ability to switch to the 800 MHz system when working in mutual aid situations.

Location: City of Portage, MI

Amount Requested: \$200,000

Subcommittee: Commerce, Justice, Science, and Related Agencies

Recipient: City of Detroit

Project Purpose: The goal of PCS is to help Detroiters clear their criminal records to create better opportunities for employment, education, and housing.

Location: Detroit, MI

Amount Requested: \$1,502,000

Subcommittee: Commerce, Justice, Science, and Related Agencies

Recipient: Detroit Police Department

Project Purpose: Ceasefire, DPD's Real Time Crime Center and other programs have resulted in sustained reduction on nearly every category of crime.

Location: Detroit, MI

Amount Requested: \$320,000

Subcommittee: Commerce, Justice, Science, and Related Agencies

Recipient: City of Grand Rapids

Project Purpose: The Grand Rapids Police Department co-response model would deploy a trained Crisis Intervention Training (CIT) officer and a trained Crisis Stabilization Mental Health (CSMH) professional into the field to respond to calls where a mental health crisis exists.

Location: Grand Rapids, MI

Amount Requested: \$180,000

Subcommittee: Commerce, Justice, Science, and Related Agencies

Recipient: Monroe County Community College

Project Purpose: The primary purpose of interactive training simulator is to place trainees from many public safety and community health disciplines into realistic scenarios to apply techniques of interview and de-escalation.

Location: Monroe, MI

Amount Requested: \$350,000

Subcommittee: Commerce, Justice, Science, and Related Agencies

Recipient: City of St. Clair Shores

Project Purpose: This project would fund in car cameras and body to provide transparency with police interactions and help improve service to residents.

Location: St. Clair Shores, MI

Amount Requested: \$235,000

Subcommittee: Commerce, Justice, Science, and Related Agencies

Recipient: City of Ann Arbor
Project Purpose: Neighborhood Resilience Hub
Location: Ann Arbor, MI
Amount Requested: \$2,000,000
Subcommittee: Energy and Water Development

Recipient: US Army Corps of Engineers
Project Purpose: Menominee River Deepening, Michigan and Wisconsin
Location: Detroit, MI
Amount Requested: \$1,500,000
Subcommittee: Energy and Water Development

Recipient: Detroit/Wayne County Port Authority
Project Purpose: DWCPA Hydrokinetic Energy Harvester
Location: Detroit, MI
Amount Requested: \$680,000
Subcommittee: Energy and Water Development

Recipient: Detroit/Wayne County Port Authority
Project Purpose: DWCPA Solar Energy Project
Location: Detroit, MI
Amount Requested: \$200,000
Subcommittee: Energy and Water Development

Recipient: Western Michigan University
Project Purpose: WMU Center for Interdisciplinary Research on Secure, Efficient and Sustainable Energy Technology
Location: Kalamazoo, MI
Amount Requested: \$350,000
Subcommittee: Energy and Water Development

Recipient: US Army Corps of Engineers
Project Purpose: Port of Muskegon, MI
Location: Muskegon, MI
Amount Requested: \$2,843,000
Subcommittee: Energy and Water Development

Recipient: Central Michigan University
Project Purpose: Digitization of Historic Michigan Newspapers for Historical and Educational Use
Location: Mount Pleasant, MI
Amount Requested: \$135,000
Subcommittee: Financial Services and General Government

Recipient: City of Ann Arbor
Project Purpose: Barton Pump Station Valve Improvement Project
Location: Ann Arbor, MI
Amount Requested: \$2,000,000
Subcommittee: Interior, Environment, and Related Agencies

Recipient: Charter Township of Shelby
Project Purpose: Shelby Water Reservoir – 3.5 Million Gallons
Location: Charter Township of Shelby, MI
Amount Requested: \$2,000,000
Subcommittee: Interior, Environment, and Related Agencies

Recipient: Clay Township
Project Purpose: Clay-Ira Interceptor Project
Location: Clay Township, MI
Amount Requested: \$1,000,000
Subcommittee: Interior, Environment, and Related Agencies

Recipient: Martin Sanitary Diversion Drainage District
Project Purpose: Martin Drain In-System Storage Device
Location: Clinton, MI
Amount Requested: \$1,000,000
Subcommittee: Interior, Environment, and Related Agencies

Recipient: Great Lakes Water Authority
Project Purpose: Great Lakes Water Authority Detroit River Interceptor Evaluation and Rehabilitation
Location: Detroit, MI
Amount Requested: \$2,000,000
Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of Detroit
Project Purpose: Joe Louis Greenway
Location: Detroit, MI
Amount Requested: \$2,000,000
Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of Grand Rapids
Project Purpose: Lake Michigan Filtration Plant Residuals Handling System
Location: Grand Rapids, MI
Amount Requested: \$2,000,000
Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of Grand Rapids
Project Purpose: Lead Free Kids GR
Location: Grand Rapids, MI
Amount Requested: \$2,000,000
Subcommittee: Interior, Environment, and Related Agencies

Recipient: 8 1/2 Mile Drain Drainage District
Project Purpose: 8 _ Mile Drain Drainage District In-System Storage
Location: Macomb County, MI
Amount Requested: \$1,000,000
Subcommittee: Interior, Environment, and Related Agencies

Recipient: Macomb County Planning and Economic Development
Project Purpose: Green Macomb Urban Forestry Partnership
Location: Macomb County, MI
Amount Requested: \$500,000
Subcommittee: Interior, Environment, and Related Agencies

Recipient: Marquette County
Project Purpose: Marquette County's K.I. Sawyer Clear and Safe Water Initiative
Location: Marquette, MI
Amount Requested: \$2,000,000
Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of Marysville
Project Purpose: City of Marysville Water/Sewer System Improvements
Location: Marysville, MI
Amount Requested: \$1,087,000
Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of St. Clair
Project Purpose: City of St. Clair Water Treatment Plant Improvements
Location: St. Clair, MI
Amount Requested: \$970,000
Subcommittee: Interior, Environment, and Related Agencies

Recipient: Tuscarora Township
Project Purpose: Tuscarora Township Septic to Sewer Expansion and Modernization Project – Protecting Our Community and the Great Lakes
Location: Tuscarora Township, MI
Amount Requested: \$2,000,000
Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of Ann Arbor

Project Purpose: Reinvest in the building using green and energy efficient materials and add health and safety features for seniors

Location: Ann Arbor, MI

Amount Requested: \$2,000,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Lake Michigan College

Project Purpose: Developing a new Physical Therapy Assistant program and expanding a current Medical Assisting program

Location: Benton Harbor, MI

Amount Requested: \$860,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: OSF St. Francis Hospital

Project Purpose: Relocate and expand cancer and oncology services in rural area

Location: Escanaba, MI

Amount Requested: \$1,500,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Genesee Intermediate School District

Project Purpose: Create a school nursing pilot program

Location: Flint, Genesee County, MI

Amount Requested: \$1,000,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: City of Grand Rapids

Project Purpose: Fund and expand a housing pilot to improve housing affordability, health outcomes, and weatherization efforts

Location: Grand Rapids, MI

Amount Requested: \$250,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Michigan State University / WKAR

Project Purpose: Completing final stage and developing a model for public broadcasting stations to leverage broadcast infrastructure to effectively provide digital access to students

Location: Lansing, MI

Amount Requested: \$1,000,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Lansing Community College (LCC)

Project Purpose: Acquire and outfit a Class A RV Mobile Skills Laboratory to provide training for in-demand health care jobs

Location: Lansing, MI

Amount Requested: \$400,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Monroe County Community College (MCCC)
Project Purpose: Construct additional facilities to expand health sciences programs that meet current and future industry demands
Location: Monroe, MI
Amount Requested: \$2,000,000
Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: City of Mount Clemens and City of Eastpointe
Project Purpose: Necessary improvements to public facilities for supporting afterschool programming and economic mobility
Location: Mount Clemens / Eastpointe, MI
Amount Requested: \$480,000
Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Central Michigan University (CMU)
Project Purpose: Provide tele-psychiatry outreach and increase access to services, with a focus on reducing youth suicide deaths and attempts
Location: Mount Pleasant, MI
Amount Requested: \$960,000
Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Central Michigan University (CMU)
Project Purpose: Provide mobile health screenings that effectively reach remote communities and offer an ease of access
Location: Mount Pleasant, MI
Amount Requested: \$441,000
Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Alpena Community College
Project Purpose: Create lab spaces and related CTE instructional programs in the areas of: (1) Aerospace Technology; (2) Nursing and related health care programs; (3) Advanced Manufacturing; and (4) IT technicians to support greater broadband access across Northeast Michigan
Location: Oscoda, MI
Amount Requested: \$1,900,000
Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Oakland University
Project Purpose: Establish the OU Community Health Clinic and Wellness Center
Location: Rochester, MI
Amount Requested: \$1,600,000
Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Oakland University

Project Purpose: Renovate laboratories to convert them to medical research labs and purchase materials for an irradiator

Location: Rochester, MI

Amount Requested: \$750,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Macomb Community College

Project Purpose: Fund and build on the MAP+ program for four years

Location: Warren, Macomb County, MI

Amount Requested: \$610,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Ferris State University

Project Purpose: This funding would be used to expand the Jim Crow Museum, Archive, and Research Center's physical facilities and programming offerings to fulfill the museum's mission to "use objects of intolerance to teach tolerance and promote social justice."

Location: Big Rapids, MI

Amount Requested: \$2,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Dowagiac

Project Purpose: This project would fund the Dowagiac Housing Initiative to improve neighborhoods and update the quality of housing for low-to-moderate income homeowners. The funding would also cover demolition expenses of homes that are vacant and blighted.

Location: City of Dowagiac, MI

Amount Requested: \$100,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Sterling Heights

Project Purpose: This funding would be used to acquire underutilized properties within the City's North Van Dyke Avenue Corridor Improvement Area for future development goals.

Location: City of Sterling Heights, MI

Amount Requested: \$850,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: Capital Region Airport Authority

Project Purpose: To expand the Capital Regional International Airport's (LAN) International existing cargo ramp.

Location: Clinton County, MI

Amount Requested: \$733,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Grand Rapids

Project Purpose: To rebuild Grandville Avenue in Grand Rapids.

Location: Grand Rapids, MI

Amount Requested: \$700,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: Gerald R. Ford International Airport Authority

Project Purpose: To implement safety upgrades to support the expansion of the airport.

Location: Kent County, MI

Amount Requested: \$1,294,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Lansing

Project Purpose: To modernize traffic signals and implement signal communications that will enable transit priority, emergency vehicle pre-emption, and special event timing plans, and also establish a framework to support autonomous and connected vehicles.

Location: Lansing, MI

Amount Requested: \$1,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: Macomb County

Project Purpose: To conduct planning and final design of the Mound Road/Detroit Arsenal Connector Project, which is a part of a larger project to reconstruct 9 miles of Mound Road.

Location: Macomb County, MI

Amount Requested: \$1,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: Grand Traverse Band of Ottawa and Chippewa Indians

Project Purpose: This project would fund the development of a sewer and water facility to support a much needed residential housing development to serve low and moderate income tribal members facing difficulties securing affordable housing, overcrowding or homelessness in Grand Traverse County.

Location: Peshawbestown, MI

Amount Requested: \$750,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Pontiac

Project Purpose: This funding would be used to restore the facility for public use and enjoyment and to promote economic development in the downtown district. Specific uses include structural and access repairs, roof and elevator replacements, electrical equipment improvements, and ADA compliance upgrades.

Location: Pontiac, MI

Amount Requested: \$1,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: Portage

Project Purpose: To reconstruct portions of South Westnedge Avenue.

Location: Portage, MI

Amount Requested: \$500,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: Ann Arbor Area Transportation Authority

Project Purpose: To conduct pre-construction activities for the expansion of the Ypsilanti Transit Center.

Location: Washtenaw County, MI

Amount Requested: \$300,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Ypsilanti

Project Purpose: To construct a new platform to re-establish a scheduled Amtrak stop on the Wolverine Line along the live track in Depot Town, City of Ypsilanti, Michigan.

Location: Ypsilanti, MI

Amount Requested: \$300,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies
