

Funding Requested for Local Projects:

Fiscal Year 2023

Recipient: Army Corps of Engineers

Project Purpose: To ensure that flooding due to high Great Lakes levels is kept out of the local and regional combined sewerage systems that are not designed to accept floodwaters.

Location: City of Detroit, MI

Amount Requested: \$1,000,000

Subcommittee: Energy and Water Development

Recipient: Army Corps of Engineers

Project Purpose: The funding will be used to enhance flood protection along the Grand River in downtown Grand Rapids.

Location: Grand Rapids, MI

Amount Requested: \$2,000,000

Subcommittee: Energy and Water Development

Recipient: City of Grand Rapids

Project Purpose: The funding will support the installation of solar panels on a 190-acre closed superfund site that includes a protective cap - the Butterworth Landfill.

Location: Grand Rapids, MI

Amount Requested: \$3,000,000

Subcommittee: Energy and Water Development

Recipient: City of Highland Park

Project Purpose: The funding will be used to replace approximately 0.50 miles of 16-inch water main which will greatly improve water pressures and assist in bringing more development into the city.

Location: Highland Park, MI

Amount Requested: \$3,500,000

Subcommittee: Energy and Water Development

Recipient: Army Corps of Engineers

Project Purpose: The funding would be used to create an opportunity to both embrace the current "working waterfront."

Location: Holland, MI

Amount Requested: \$2,000,000

Subcommittee: Energy and Water Development

Recipient: Army Corps of Engineers

Project Purpose: The funding would be used by the U.S. Army Corps of Engineers to complete a feasibility study, or general investigation, into potential harbor infrastructure improvements in the Menominee-Marquette Harbor waterway.

Location: Menominee, MI

Amount Requested: \$1,300,000

Subcommittee: Energy and Water Development

Recipient: City of Royal Oak

Project Purpose: The funding would be used to convert the city of Royal Oak's very public-facing farmers market into a community-supporting resilience hub by installing approximately 160 kW of solar PV and 120 kW battery bank storage.

Location: Royal Oak, MI

Amount Requested: \$411,000

Subcommittee: Energy and Water Development

Recipient: County of Midland

Project Purpose: The funding will be used to support a project to create ecologically functional floodplains and to improve stormwater drainage, allowing stormwater to flow into formerly disconnected floodplains.

Location: Midland, MI

Amount Requested: \$750,000

Subcommittee: Agriculture, Rural Development, Food and Drug Administration, and Related Agencies

Recipient: City of Houghton

Project Purpose: The funding will support a project that includes the construction of a new outlet control structure at the existing earthen dam on Huron Pond, to convey flood waters of Huron Creek and prevent overtopping and failure of the existing embankment.

Location: Houghton, MI

Amount Requested: \$190,000

Subcommittee: Agriculture, Rural Development, Food and Drug Administration, and Related Agencies

Recipient: City of East Lansing

Project Purpose: The funding will be used to provide a permanent structure to house the City of East Lansing's Farmers Market in order to expand access for increased vendors, access for patrons, and to transform this seasonal temporary market into a year long, permanent hub of community activity and entrepreneurial opportunity.

Location: East Lansing, MI

Amount Requested: \$250,000

Subcommittee: Agriculture, Rural Development, Food and Drug Administration, and Related Agencies

Recipient: County of Alpena

Project Purpose: The funding will be used to support the construction of a 11,700 square-foot Material Recovery Facility for the purpose of providing feedstock to manufacturing companies in northern MI, throughout the State of MI and beyond.

Location: Alpena, MI

Amount Requested: \$2,700,000

Subcommittee: Agriculture, Rural Development, Food and Drug Administration, and Related Agencies

Recipient: City of Detroit

Project Purpose: The funding will be used to develop and provide information technology and consulting services to city agencies, enabling them to better innovate on how they deliver services and interact with citizens.

Location: Detroit, MI

Amount Requested: \$3,500,000

Subcommittee: Agriculture, Rural Development, Food and Drug Administration, and Related Agencies

Recipient: City of Negaunee

Project Purpose: The funding will be used to help meet the needs of the Negaunee Fire Department if loss of power occurs within the city.

Location: Negaunee, MI

Amount Requested: \$60,000

Subcommittee: Agriculture, Rural Development, Food and Drug Administration, and Related Agencies

Recipient: Kalkaska County

Project Purpose: The funding will be used to support a new 20,400 sq-ft. library purposed and outfitted to accommodate the specific programming and technological needs of 21st Century patrons.

Location: Kalkaska, MI

Amount Requested: \$2,000,000

Subcommittee: Agriculture, Rural Development, Food and Drug Administration, and Related Agencies

Recipient: Grand Traverse Metro Emergency Services Authority

Project Purpose: The funding will be used to support the Grand Traverse Metro Emergency Services Authority, a not-for-profit governmental unit, which services three township in Grand Traverse County, specifically Acme, East Bay and Garfield.

Location: Traverse City, MI

Amount Requested: \$2,250,000

Subcommittee: Agriculture, Rural Development, Food and Drug Administration, and Related Agencies

Recipient: City of East Jordan

Project Purpose: The funding would be used to support the City of East Jordan's Municipal Marina, which serves as the nautical gateway to this historic City and surrounding area by way of Lake Charlevoix – South Arm.

Location: East Jordan, MI

Amount Requested: \$500,000

Subcommittee: Agriculture, Rural Development, Food and Drug Administration, and Related Agencies

Recipient: City of Munising

Project Purpose: The funding would be used to reconstruct approximately 2,800 feet of Washington Street from the intersection of H-58 to the Munising Falls Visitor Center.

Location: Munising, MI

Amount Requested: \$2,000,000

Subcommittee: Agriculture, Rural Development, Food and Drug Administration, and Related Agencies

Recipient: Hastings Public Library

Project Purpose: The funding would be used to help pay to replace the windows of the Hastings Public Library.

Location: Hastings, MI

Amount Requested: \$250,000

Subcommittee: Agriculture, Rural Development, Food and Drug Administration, and Related Agencies

Recipient: Village of Port Austin

Project Purpose: The funding would be used to construct a four season structure in the center of town, essentially a "town center."

Location: Port Austin, MI

Amount Requested: \$750,000

Subcommittee: Agriculture, Rural Development, Food and Drug Administration, and Related Agencies

Recipient: Charter Township of Canton

Project Purpose: The funding would be used to complete Phase 1 of the Engineering and Pre-Development Costs of a Geothermal/Solar Fire Station that will be constructed in the area of the Township where there is -- based on the feasibility and financial impact study -- a great need to implement this facility.

Location: Canton Township, MI

Amount Requested: \$1,000,000

Subcommittee: Agriculture, Rural Development, Food and Drug Administration, and Related Agencies

Recipient: City of Allegan

Project Purpose: The funding would be used to support a community facility that will promote the arts in Allegan County and help restore this building as the community center it was intended to be when it was constructed in 1929.

Location: Allegan, MI

Amount Requested: \$250,000

Subcommittee: Agriculture, Rural Development, Food and Drug Administration, and Related Agencies

Recipient: Charter Township of Mundy

Project Purpose: The funding would be used for the construction of a cultural center and outdoor amphitheater so that people of all abilities have the opportunity for education programming in the arts as well as performance opportunities.

Location: Genesee County, MI

Amount Requested: \$1,000,000

Subcommittee: Agriculture, Rural Development, Food and Drug Administration, and Related Agencies

Recipient: Baraga County Road Commission

Project Purpose: The funding would be used to move forward with construction of a modern transportation facility to serve the needs of the residents of the motoring public and the Citizens of Baraga County.

Location: Baraga, MI

Amount Requested: \$2,000,000

Subcommittee: Agriculture, Rural Development, Food and Drug Administration, and Related Agencies

Recipient: City of Westland

Project Purpose: The funding would be used to repurpose a vacant school building, Marshall Upper Elementary School, into a recreation and community center, which Westland does not currently have.

Location: Westland, MI

Amount Requested: \$2,500,000

Subcommittee: Agriculture, Rural Development, Food and Drug Administration, and Related Agencies

Recipient: Lapeer Downtown Development Authority

Project Purpose: The funding would be used to construct a new Lapeer Community Pavilion located along Farmers Creek in the traditional downtown area.

Location: Lapeer, MI

Amount Requested: \$500,000

Subcommittee: Agriculture, Rural Development, Food and Drug Administration, and Related Agencies

Recipient: Alpena Community College

Project Purpose: The funding would be used to support construction of student housing on the main campus of Alpena Community College.

Location: Alpena, MI

Amount Requested: \$1,500,000

Subcommittee: Agriculture, Rural Development, Food and Drug Administration, and Related Agencies

Recipient: City of Negaunee

Project Purpose: The funding would be used to support the removal of the current ADA ramp system and replacing it with a new system.

Location: Negaunee, MI

Amount Requested: \$61,000

Subcommittee: Agriculture, Rural Development, Food and Drug Administration, and Related Agencies

Recipient: Ferris State University

Project Purpose: The funding would be used to better accommodate the growing demand that the Jim Crow Museum is experiencing, and to better serve its mission, the Jim Crow Museum has developed a plan to expand the Museum's physical facilities and programming.

Location: Big Rapids, MI

Amount Requested: \$2,000,000

Subcommittee: Agriculture, Rural Development, Food and Drug Administration, and Related Agencies

Recipient: Alcona County Commission on Aging

Project Purpose: The funding would be used to support the Alcona County Commission on Aging, which is looking to create up to 44 units over two phases to address housing needs within its community.

Location: Alcona County, MI

Amount Requested: \$2,000,000

Subcommittee: Agriculture, Rural Development, Food and Drug Administration, and Related Agencies

Recipient: Army Corps of Engineers

Project Purpose: The funding would be used to support the Lakeshore Drive Seawall Replacement Project, which consists of replacing nearly three miles (15,625 ft) of existing Lake St. Clair steel sheet piling seawall along Lakeshore Drive.

Location: Grosse Pointe Farms, MI

Amount Requested: \$3,000,000

Subcommittee: Energy and Water Development

Recipient: Army Corps of Engineers

Project Purpose: The funding would be used to dredge a channel that is under the jurisdiction of the U.S. Army Corps of Engineers.

Location: Pentwater, MI

Amount Requested: \$250,000

Subcommittee: Energy and Water Development

Recipient: Army Corps of Engineers

Project Purpose: The funding would be used to support a water project for a low economic subdivision, which entails replacing the water mains and service lines.

Location: Owosso, MI

Amount Requested: \$1,250,000

Subcommittee: Energy and Water Development

Recipient: City of Lansing

Project Purpose: The funding would be used to support resilience hubs, which are community-serving facilities augmented to support residents, coordinate communication, distribute resources, and reduce carbon pollution while enhancing quality of life.

Location: Lansing, MI

Amount Requested: \$475,000

Subcommittee: Energy and Water Development

Recipient: Army Corps of Engineers

Project Purpose: The funding would be used to facilitate separation of four blocks of combined sewers along two streets in downtown Lansing, including replacement of other underground facilities and the road surface above the sewers.

Location: Lansing, MI

Amount Requested: \$3,000,000

Subcommittee: Energy and Water Development

Recipient: City Of Royal Oak

Project Purpose: The funding would be used to convert the city of Royal Oak's approximately 3,400 outdated and inefficient streetlights to LED technology.

Location: Royal Oak, MI

Amount Requested: \$942,000

Subcommittee: Energy and Water Development

Recipient: Public Lighting Authority of Detroit

Project Purpose: The funding would be used to upgrade the street lighting on 7 Mile Road from Woodward Avenue to Mound Road.

Location: Detroit, MI

Amount Requested: \$1,928,000

Subcommittee: Energy and Water Development

Recipient: Public Lighting Authority of Detroit

Project Purpose: The funding would be used to support objectives that include upgrading the street lighting along Moross Road from Mack Avenue to Interstate 94 - a stretch of approximately one mile.

Location: Detroit, MI

Amount Requested: \$2,000,000

Subcommittee: Energy and Water Development

Recipient: Army Corps of Engineers

Project Purpose: The funding would be used to support a port project that replaces approximately 1,100 linear feet of the existing condemned dock structure to create a working waterfront including secure storage areas, improved stormwater management facilities, and makes a critical connection from Easterday Avenue truck route to the riverfront.

Location: Sault Ste. Marie, MI

Amount Requested: \$2,000,000

Subcommittee: Energy and Water Development

Recipient: Army Corps of Engineers

Project Purpose: The funding would support a project that will become a large destination site for the State of Michigan and create more tourism for the West region of the state.

Location: Muskegon Heights, MI

Amount Requested: \$1,800,000

Subcommittee: Energy and Water Development

Recipient: Detroit Police Department

Project Purpose: This funding would support the purchase of new body worn cameras (BWCs) for the Detroit Police Department (DPD), replacing current BWCs with new devices that have updated camera equipment, storage capacity and global positioning systems (GPS).

Location: Detroit, MI

Amount Requested: \$1,000,000

Subcommittee: Commerce, Justice, Science, and Related Agencies

Recipient: Charter Township of Clinton

Project Purpose: This funding would be used to supplement Clinton Township's existing police department with a social worker, who would offer assistance and expertise when the police are called upon to assist in mental health matters.

Location: Clinton Township, MI

Amount Requested: \$675,000

Subcommittee: Commerce, Justice, Science, and Related Agencies

Recipient: Ferris State University

Project Purpose: The Ferris State University Center for Virtual Learning, currently in phase one of construction, seeks to secure and advance the economic future of Michigan through investment in cybersecurity, artificial intelligence, and augmented/virtual reality research laboratories and resources.

Location: Big Rapids, MI

Amount Requested: \$1,000,000

Subcommittee: Commerce, Justice, Science, and Related Agencies

Recipient: City of Westland

Project Purpose: This funding will be used to implement a Strengthening Families Program focusing upon 10-12 year old children and their parent(s)/guardian(s).

Location: Westland, MI

Amount Requested: \$30,000

Subcommittee: Commerce, Justice, Science, and Related Agencies

Recipient: Northern Michigan Law Enforcement Training Group

Project Purpose: This funding will support Northern Michigan Law Enforcement Training Group's (NMLETG) Capital Improvement Plan.

Location: Grayling, MI

Amount Requested: \$1,000,000

Subcommittee: Commerce, Justice, Science, and Related Agencies

Recipient: Chippewa County Economic Development Corporation

Project Purpose: The Chippewa County Economic Development Corporation (CCEDC) and space industry leader Redwire Space entered into a public-private partnership to support Michigan becoming a leading Space state. The partnership has enabled collaboration to support Michigan's underserved communities with the development of the command and control center (C3) ground station at Chippewa County International Airport. The CHAMP infrastructure will be critical to support immediate needs for Michigan launch, hypersonic vehicle testing, and cislunar Space Situational Awareness activities. Internal and independent assessments by the CHAMP and Michigan Aerospace Manufactures Association (MAMA) teams agree that the build out of CHAMP will help to ensure Michigan becomes a leading Space state.

Location: Kincheloe, MI

Amount Requested: \$1,000,000

Subcommittee: Commerce, Justice, Science, and Related Agencies

Recipient: City of Ecorse

Project Purpose: This funding will support the City of Ecorse's police station renovation. These facility renovations remedy specific issues in the infrastructure of the station while furthering the department's continual improvement.

Location: City of Ecorse, MI

Amount Requested: \$2,205,000

Subcommittee: Commerce, Justice, Science, and Related Agencies

Recipient: Ingham County Health Department

Project Purpose: This funding would be used to support Advance Peace. Advance Peace employs formerly incarcerated individuals as Neighborhood Change Agents. Agents then act as “credible messengers,” forming relationships with suspected firearm offenders and encouraging participation in a Peacemaker Fellowship.

Location: Ingham County, MI

Amount Requested: \$215,000

Subcommittee: Commerce, Justice, Science, and Related Agencies

Recipient: Wayne Police Department

Project Purpose: This funding would be used to upgrade the Wayne Police Department’s Multi-Purpose Room. The Multi-Purpose Room is currently used for department training and community events.

Location: City of Wayne, MI

Amount Requested: \$75,000

Subcommittee: Commerce, Justice, Science, and Related Agencies

Recipient: Charter Township of Clinton

Project Purpose: This funding would be used to provide Clinton Township’s police a mobile command vehicle.

Location: Clinton Township, MI

Amount Requested: \$500,000

Subcommittee: Commerce, Justice, Science, and Related Agencies

Recipient: Detroit Police Department

Project Purpose: This funding would allow the Detroit Police Department (DPD) to purchase next-gen walk-through high density metal detectors that will add a non-invasive, touch-free layer of protection at community events.

Location: Detroit, MI

Amount Requested: \$1,000,000

Subcommittee: Commerce, Justice, Science, and Related Agencies

Recipient: City of Ann Arbor

Project Purpose: This funding is for software that will modernize Ann Arbor’s Police Department’s report management system and allow open, searchable, and digital access to police report information by the public.

Location: Ann Arbor, MI

Amount Requested: \$700,000

Subcommittee: Commerce, Justice, Science, and Related Agencies

Recipient: City of St. Clair Shores

Project Purpose: This funding is for the purchase of a new Marine Patrol Vessel for the St. Clair Shores Police Department. The new vessel would be a 26 foot patrol monohull which is estimated to cost approximately \$265,000.

Location: St. Clair Shores, MI

Amount Requested: \$265,000

Subcommittee: Commerce, Justice, Science, and Related Agencies

Recipient: City of Westland Police Department

Project Purpose: This funding would support Westland Police Department's license plate reader camera system. Automatic license plate recognition and vehicle fingerprint technology get actionable, objective evidence that drives results in the community for less than the cost of hiring an additional officer.

Location: Westland, MI

Amount Requested: \$75,000

Subcommittee: Commerce, Justice, Science, and Related Agencies

Recipient: Macomb County

Project Purpose: This funding will support the Mound Road/Detroit Arsenal Connector Project in Macomb County.

Location: Macomb County, MI

Amount Requested: \$5,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: Gerald R. Ford International Airport Authority

Project Purpose: This funding will support a new Air Traffic Control Tower (ATCT) at the Gerald R. Ford International Airport.

Location: Kent County, MI

Amount Requested: \$3,500,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: Coleman A. Young Airport

Project Purpose: This funding will support Coleman A. Young Airport's T-Hangar replacement.

Location: Detroit, MI

Amount Requested: \$3,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Detroit

Project Purpose: This funding will support the Joe Louis Greenway project West Chicago Connector in Detroit, Michigan.

Location: Detroit, MI

Amount Requested: \$1,322,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Battle Creek

Project Purpose: This funding will support the creation of the Michigan Unmanned Aerial Systems Park (MUASP) at the Battle Creek Executive Airport at Kellogg Field (BTL).

Location: City of Battle Creek, MI

Amount Requested: \$3,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: The Road Commission for Oakland County

Project Purpose: This funding will help rehabilitate, reconstruct and resurface Brown Road from Jamm Road to Giddings Road; Giddings Road from Brown Road to Silverbell Road; and Silverbell Road from Giddings Road to M-24.

Location: Oakland County, MI

Amount Requested: \$1,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: St. Clair County Road Commission

Project Purpose: This funding will support the SCCRC King Road Bridge replacement.

Location: St. Clair County, MI

Amount Requested: \$1,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: Eaton County Road Commission

Project Purpose: This funding will support the Five Point Highway reconstruction project.

Location: Eaton County, MI

Amount Requested: \$2,382,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: Capital Area Transportation Authority

Project Purpose: This funding will support the acquisition of vehicles to enhance transit service in the tri-county area including Ingham, Eaton, and Clinton Counties.

Location: Clinton, Eaton and Ingham Counties, MI

Amount Requested: \$919,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: Capital Region Airport Authority

Project Purpose: This funding will support the design and construction (rehabilitation) of various pavement areas at the Capital Region International Airport (LAN), including the terminal apron (aircraft parking area) and the adjacent taxiway.

Location: Clinton County, MI

Amount Requested: \$727,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Lansing

Project Purpose: The funding would implement a network of publicly available EV chargers around the city, to encourage the transition to electric vehicles by removing range anxiety and providing chargers in locations throughout the city where those without access to charging infrastructure at the homes (houses or apartments) could charge their vehicles.

Location: City of Lansing, MI

Amount Requested: \$500,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: Kent County

Project Purpose: This funding will support the Grand River Greenway Non-Motorized Trail. The trail, when completed, will provide 76 miles of contiguous trails connecting rural and urban communities within Kent and Ottawa Counties that are within the Grand River watershed.

Location: Kent County, MI

Amount Requested: \$3,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: Grand Rapids Interurban Transit Partnership

Project Purpose: This funding will support the purchase of hydrogen fuel cell buses and related infrastructure.

Location: Grand Rapids, MI

Amount Requested: \$1,500,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Ann Arbor

Project Purpose: This funding will support the City of Ann Arbor's Airport Taxi Runway Rehabilitation.

Location: Pittsfield Township, MI

Amount Requested: \$3,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Wixom

Project Purpose: This funding help rebuild and widen Beck Road from Pontiac Trail to West Road in the City of Wixom, Michigan, from its current 2- and 3-lane configuration to 5 lanes.

Location: City of Wixom, MI

Amount Requested: \$1,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: Gerald R. Ford International Airport Authority

Project Purpose: This funding will support new in-line checked baggage inspection system (CBIS) and modern equipment in accordance with current TSA design standards and operational criteria at Gerald R. Ford International Airport in Grand Rapids, Michigan.

Location: Kent County, MI

Amount Requested: \$3,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Houghton

Project Purpose: This funding will support the City of Houghton's Evergreen Drive Extension project.

Location: City of Houghton, MI

Amount Requested: \$1,751,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Pontiac

Project Purpose: This funding will support the reconstruction of 1.2 miles of Golf Drive from Old Telegraph to Fairfax to Bagley and reconstruction of 1 mile of Bagley Street from Golf Drive to Orchard Lake Road.

Location: City of Pontiac, MI

Amount Requested: \$3,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Kentwood

Project Purpose: This funding will support a non-motorized, shared use crossing of I-96 at Forest Hill Avenue.

Location: City of Kentwood, MI

Amount Requested: \$1,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Houghton

Project Purpose: This funding will support a new maintenance facility to service the City of Houghton public transportation fleet and public works equipment.

Location: City of Houghton, MI

Amount Requested: \$1,400,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Sterling Heights

Project Purpose: This funding will support a Corridor Study of Ryan Road from 14 Mile Road to M-59 / Dobry Drive.

Location: City of Sterling Heights, MI

Amount Requested: \$216,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: Tri-County Regional Planning Commission

Project Purpose: This funding will support designing and developing three new regional trails that provide a connection between the existing Lansing River Trail network and three existing regional non-motorized trails.

Location: Clinton, Eaton and Ingham Counties, MI

Amount Requested: \$1,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: Genesee County

Project Purpose: The project would remove the Utah Dam on the Flint River and construct a new non-motorized bridge to replace the non-motorized function that the dam currently serves for the statewide Iron Belle Trail.

Location: City of Flint, MI

Amount Requested: \$1,800,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: Eaton County Road Commission

Project Purpose: The requested funding would be used to replace the deteriorated bridge superstructure and restore concrete bridge deck and approaches, and guardrails, repair and preserve the existing abutments and river piers, install scour protection for the piers and footings and streambank erosion protection both upstream and downstream of the bridge.

Location: Eaton County, MI

Amount Requested: \$3,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Detroit

Project Purpose: This funding will support design and engineering of the mobility and transit hubs and connection corners project.

Location: Wayne County, MI

Amount Requested: \$1,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Grosse Pointe

Project Purpose: This funding will support a multi-modal transportation improvement project that seeks to implement the Complete Street philosophy with safer pedestrian walkways with better lighting, bike facilities and bike connections, enhanced bus stops, improved crosswalks, and additional green stormwater with landscaping.

Location: City of Grosse Pointe, MI

Amount Requested: \$750,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: Detroit Region Aerotropolis Development Corp.

Project Purpose: This funding would lift Pennsylvania Road above the CSX rail tracks to improve public safety and achieve multimodal transportation objectives without severe blockages.

Location: Wayne County, MI

Amount Requested: \$866,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Detroit

Project Purpose: The purpose of the project is to provide a multimodal connection between Riverside Park and the Ralph C. Wilson Riverfront Park and provide improved connectivity for residents and businesses along Detroit's Riverfront.

Location: City of Detroit, MI

Amount Requested: \$1,263,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: Traverse City Downtown Development Authority

Project Purpose: This funding will support the Lower Boardman-Ottaway Downtown Traverse City Riverwalk/Pedestrian Alley in Traverse City, MI.

Location: Traverse City, MI

Amount Requested: \$3,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: Shelby Township

Project Purpose: This funding will help develop a comprehensive 35-acre park called the Shelby Township Community Park.

Location: Shelby, MI

Amount Requested: \$750,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Oak Park

Project Purpose: This funding will support the City of Oak Park's 11 Mile public parking lots.

Location: Oak Park, MI

Amount Requested: \$750,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Ann Arbor

Project Purpose: This funding will support the City of Ann Arbor's Miller-Catherine Signature Bikeway project.

Location: Ann Arbor, MI

Amount Requested: \$1,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Ann Arbor

Project Purpose: This funding will support the City of Ann Arbor's Barton-Bandemer Railroad Underpass project.

Location: Ann Arbor, MI

Amount Requested: \$3,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Albion

Project Purpose: This funding will support the building and renovation of the Building the Arts Economic Development & Education Corridor of Albion, Michigan Region.

Location: Albion, MI

Amount Requested: \$1,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Ann Arbor

Project Purpose: This funding will support the City of Ann Arbor's Carbon Neutral project.

Location: Ann Arbor, MI

Amount Requested: \$2,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Center Line

Project Purpose: This funding will support the purchase a fire truck and a new engine/pumper for an existing fire truck for the City of Center Line, MI.

Location: Center Line, MI

Amount Requested: \$600,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: Berrien County

Project Purpose: This funding will support costs to develop and construct a new facility for Sacred Heart Rehabilitation Center in Berrien County, MI.

Location: Richmond, MI

Amount Requested: \$1,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Kalamazoo

Project Purpose: This funding will support the construction and installation of two major projects as a second essential phase of this project, greatly expanding the impact this community hub has on the local community.

Location: Kalamazoo, MI

Amount Requested: \$500,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Manistee

Project Purpose: This funding will support the construction of an amphitheater on a Lake Michigan beach (1st street Beach/ Douglas Park) in Manistee.

Location: Manistee, MI

Amount Requested: \$400,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Springfield

Project Purpose: This funding will help improve the housing conditions of at least 100 homes in the city of Springfield.

Location: Springfield, MI

Amount Requested: \$500,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: Grand Traverse Band of Ottawa and Chippewa Indians

Project Purpose: This funding will be used to conduct an energy audit and conduct efficiency improvements on tribal buildings that are eligible for the Department of Housing and Urban Development's Community Development Fund/Economic Development Initiative.

Location: Washington, MI

Amount Requested: \$750,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Lansing

Project Purpose: This funding will support a concert venue and space for residents and visitors alike to enjoy and create art in Downtown Lansing.

Location: Lansing, MI

Amount Requested: \$1,500,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Holland

Project Purpose: This funding will be used to develop the land where the retired James DeYoung coal power plant resides on the shores of Lake Macatawa, and create an opportunity to both embrace the current working waterfront that exists while developing future land use scenarios to integrate places to live, work, and play that connect to the downtown and larger community.

Location: Holland, MI

Amount Requested: \$3,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Detroit

Project Purpose: This funding will ensure that the Heilmann Recreation Center, which is located in an area that experienced extensive flooding in 2021, would be able to be outfitted with flood resilience attributes (backflow preventers, sump pumps) and energy backup devices (battery, generators, solar) such that extreme weather events won't result in the center not being available to the public.

Location: Detroit, MI

Amount Requested: \$2,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: City of Detroit

Project Purpose: This funding will support the Russell Woods and Nardin Park Area Housing Stabilization program consisting of three distinct housing projects.

Location: Detroit, MI

Amount Requested: \$2,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: Muskegon Heights

Project Purpose: This funding will be used to support the Broadway redevelopment project.

Location: Muskegon, MI

Amount Requested: \$3,000,000

Subcommittee: Transportation, Housing and Urban Development, and Related Agencies

Recipient: Macomb County

Project Purpose: This funding supports the Macomb County-North Branch of the Clinton River Floodplain Plan.

Location: Macomb County, MI

Amount Requested: \$1,000,000

Subcommittee: Homeland Security

Recipient: Detroit Water and Sewerage Department

Project Purpose: This funding supports the Oakman Boulevard Stormwater Optimization Improvements Project.

Location: Detroit, MI

Amount Requested: \$1,000,000

Subcommittee: Homeland Security

Recipient: Bishop International Airport Authority

Project Purpose: This funding supports the ARFF Station Expansion/Renovation/Replacement - Design & Construction project.

Location: Fenton, MI

Amount Requested: \$2,000,000

Subcommittee: Homeland Security

Recipient: City of New Baltimore

Project Purpose: This funding supports the Base Street Bridge Rehabilitation project. The goals of the project include restoring structure service life, providing safe passage for pedestrians, protecting the natural environment from catastrophic failures or unexpected disruptions to transportation corridors.

Location: New Baltimore, MI

Amount Requested: \$1,000,000

Subcommittee: Homeland Security

Recipient: City of New Baltimore

Project Purpose: This funding supports the Ashley Street Bridge Rehabilitation project. The goals of the project include restoring structure service life, providing safe passage for pedestrians, protecting the natural environment from catastrophic failures or unexpected disruptions to transportation corridors.

Location: New Baltimore, MI

Amount Requested: \$1,000,000

Subcommittee: Homeland Security

Recipient: Charter Township of Chocolay

Project Purpose: This funding supports the Fire Self-contained Breathing Apparatus (SCBA) Replacement project. Funding of this project would help fulfil a National Fire Protection Association standard, as the current SCBA devices are required to come out of service in 2023.

Location: Charter Township of Chocolay, MI

Amount Requested: \$200,000

Subcommittee: Homeland Security

Recipient: Grand Rapids Community College

Project Purpose: Create a state-of-the-art, fully automated training laboratory

Location: Grand Rapids, MI

Amount Requested: \$998,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: County of Bay

Project Purpose: Develop a Community Based Health Center and Complex

Location: Bay City, MI

Amount Requested: \$2,000,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Airport Department (Coleman A. Young Airport KDET)

Project Purpose: Relocate the B. O. Davis Aerospace Technical High School Back to Coleman A. Young Airport.

Location: Detroit, MI

Amount Requested: \$3,000,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Monroe County Community College

Project Purpose: Expand the Health Science program to address health care workforce needs.

Location: Monroe, MI

Amount Requested: \$667,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Wayne County Community College District

Project Purpose: Create a Mobility Certification program focused on Automotive Electrification and Testing

Location: Detroit, MI

Amount Requested: \$330,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: City of Detroit Health Department

Project Purpose: To provide free access to virtual and in-person evidence-based training, certifications, services, and programs to Michiganders, designed to enhance understanding, expertise, and skills of community members and organizations seeking to advance social equity.

Location: Detroit, MI

Amount Requested: \$2,000,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Stockbridge Community Schools

Project Purpose: To build a school-based health center

Location: Stockbridge, MI

Amount Requested: \$2,500,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Jackson College

Project Purpose: To build a new Astronomy & Astrophysics

Location: Jackson, MI

Amount Requested: \$377,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: St. Clair County Community College

Project Purpose: To address the engagement and education gap in STEM by offering a STEM immersive hands-on learning experience focused on 5th - 8th grade students with a primary focus on underserved populations.

Location: Port Huron, MI

Amount Requested: \$955,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Michigan State University on behalf WKAR

Project Purpose: To assist in the quest of achieving equity in accessibility to technology and educational materials for students in our state. The project would help connect the 21.7% of students in the Lansing School District that are currently without affordable access to online resources.

Location: East Lansing, MI

Amount Requested: \$1,500,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Charles Stewart Mott Community College

Project Purpose: To aid in the purchasing of technology, workspaces and furnishings for the Prah center and support our growing needs for workforce development of professionals in Information Technology & Cybersecurity.

Location: Flint, MI

Amount Requested: \$1,660,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Central Michigan University

Project Purpose: To enable the people and industries in the central part of the state to fully realize the promise of advanced manufacturing.

Location: Mount Pleasant, MI

Amount Requested: \$2,000,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: St. Clair County Community College

Project Purpose: : To support STEM education, with an emphasis on encouraging diversity in science fields, while supporting numerous disciplines in the aerospace industry from: • Manufacturing • Engineering • Robotics • Computer information systems • Support services such as accounting and sales.

Location: Port Huron, MI

Amount Requested: \$375,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Charter Township of Clinton

Project Purpose: To offer a range of play experiences without many of the boundaries to inclusion faced by persons of all ages with disabilities.

Location: Clinton Township, MI

Amount Requested: \$896,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Eastern Michigan University

Project Purpose: EMU is relocating its COB from an off-campus facility to the University's main campus in Ypsilanti. That process requires extensive planning to ensure that the COB's academic programs have the technology, space, and staffing needed to serve the students and employees who learn and work in the COB, employers who recruit EMU students, and the regional community that engages in active programming with the COB.

Location: Ypsilanti, MI

Amount Requested: \$140,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Eastern Michigan University

Project Purpose: Expand the Digital Connecting Corps (DCC) digital literacy program to provide more digital connection and literacy training for older adults in five communities in Washtenaw & Wayne counties: Ypsilanti Township, Pittsfield Township, Manchester, Plymouth/Canton, and Belleville.

Location: Ypsilanti, MI

Amount Requested: \$225,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Macomb County Health and Community Services

Project Purpose: To provide for a state-of-the-art facility that will transform how the department delivers critical services to the most vulnerable within the community. It will provide not only a one-stop shop for services, but also integrate services between the various departments so people are not shifted from one department to another.

Location: Mt. Clemens, MI

Amount Requested: \$3,000,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Michigan State University

Project Purpose: To open a new Lansing-based site serving the families of up to 144 infants, toddlers and preschoolers -- including children with special needs.

Location: East Lansing, MI

Amount Requested: \$2,189,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Oakland County Health Division

Project Purpose: The construction of a Health Division Laboratory facility expansion, equipped with advanced technology to meet the growing public health needs of the community.

Location: Pontiac, MI

Amount Requested: \$1,200,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Wayne State University

Project Purpose: To support testing of women in various diseases and illnesses, including breast, ovarian and uterine cancers, and high blood pressure.

Location: Detroit, MI

Amount Requested: \$150,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: City of Livonia

Project Purpose: To implementing the City's community-inspired, resident-driven Master Plan, called Livonia Vision 21, which is a transformative project initiates to reimagine the city center with mixed-use residential, business and community spaces, thereby creating a functional downtown and a true sense of place.

Location: Livonia, MI

Amount Requested: \$2,500,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Grand Valley State University

Project Purpose: To empower high school students to re-design the student experience through regional, user-centered design summits

Location: Allendale, MI

Amount Requested: \$1,000,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Macomb Community College

Project Purpose: To expand capacity to act as an educational convener, resource, and repository of industry-focused curriculum.

Location: Warren, MI

Amount Requested: \$3,000,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Saginaw County

Project Purpose: To aid in the construction of a brand new state of the art 25,000 sf. Saginaw County Health Department Public Health building. This new facility will replace an aged and functionally obsolete structure that has become too expensive to maintain and is inadequate to serve the public.

Location: Saginaw, MI

Amount Requested: \$3,000,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Charter Township of Shelby

Project Purpose: The construction of a new amphitheater

Location: Shelby Township, MI

Amount Requested: \$3,000,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: City of Detroit

Project Purpose: To support volunteer training programs for mentors that support pregnant women

Location: Detroit, MI

Amount Requested: \$1,200,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: North Central Michigan College

Project Purpose: To support growth in Nursing, Allied Health, and Skilled Trades programs.

Location: Petoskey, MI

Amount Requested: \$2,000,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: City of Saginaw

Project Purpose: To support a project that, in addition to bringing investment and jobs to the area, would help address some of these disparities by providing improved access to healthcare for city residents, as well as those within the county and region

Location: Saginaw, MI

Amount Requested: \$2,500,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Wayne State University

Project Purpose: To provide the most advanced instrumentation and training for Black and POC women and girls to become trained in the research, management, and operation of water treatment facilities and projects.

Location: Detroit, MI

Amount Requested: \$3,000,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Wayne State University

Project Purpose: To support Black/POC women in the STEM workforce

Location: Detroit, MI

Amount Requested: \$3,000,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Washtenaw Community College

Project Purpose: The build a skills training program that addresses workforce needs in the movement to electrification.

Location: Ann Arbor, MI

Amount Requested: \$2,522,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Central Michigan University

Project Purpose: To install Datacasting technology at our tower and facilities, as well as to provide home connectivity devices for rural and underserved students.

Location: Mount Pleasant, MI

Amount Requested: \$2,000,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Wayne County Community College District

Project Purpose: To bridge community engagement and college training.

Location: Detroit, MI

Amount Requested: \$1,500,000

Subcommittee: Labor, Health and Human Services, Education, and Related Agencies

Recipient: Marquette County

Project Purpose: This funding will be used to assist Marquette County in properly managing and disposing of approximately two million gallons of per and polyfluoroalkyl (PFAS) contaminated wastewater treatment plant sludge at K.I. Sawyer, a former Air Force Military Base.

Location: Marquette County, MI

Amount Requested: \$1,500,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: Oscoda Charter Township

Project Purpose: This funding will be used to provide safe, potable water/sewers/roadways for residential, commercial, industrial, and public use areas throughout Oscoda Charter Township.

Location: Oscoda Charter Township, MI

Amount Requested: \$3,000,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of Benton Harbor

Project Purpose: This funding will be used to make necessary improvements to the City of Benton Harbor water system.

Location: Benton Harbor, MI

Amount Requested: \$3,000,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of Pontiac

Project Purpose: This funding will be used to daylight the Clinton River. In 1963, to mitigate flooding, the Drain Commission submerged the Clinton River in a dual-channel culvert that runs through historic downtown Pontiac.

Location: Pontiac, MI

Amount Requested: \$3,000,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of Detroit

Project Purpose: This funding will be used to support the Detroit Water and Sewerage Department (DWSD) in cleaning debris out of their sewers and catch basins following the historic floods of 2021.

Location: Detroit, MI

Amount Requested: \$2,000,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of Midland

Project Purpose: This funding will be used to support the City of Midland's planned Sylvan Pump Station Detention Basin project, which will benefit a sizable number of residents.

Location: Midland, MI

Amount Requested: \$750,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: Delta Charter Township

Project Purpose: This funding will support the Water Resource Recovery Facility Major Capital Improvement Project.

Location: Lansing, MI

Amount Requested: \$3,000,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of Grand Rapids

Project Purpose: This funding will be used to remediate PFAS in the soil and groundwater left by historical incinerator residuals.

Location: Grand Rapids, MI

Amount Requested: \$1,700,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of Houghton

Project Purpose: This funding will be used to replace the aging shoreline seawall and former dock structure, some sections having been in use for more than a century, which supports the public waterfront property, which includes historic Dee Stadium, built in 1928.

Location: Houghton, MI

Amount Requested: \$3,000,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of Hamtramck

Project Purpose: This funding will be used to support the City of Hamtramck in replacing lead service lines in the city.

Location: Hamtramck, MI

Amount Requested: \$2,000,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of Grosse Pointe Farms

Project Purpose: This funding will be used to improve the Lakeshore Drive shoreline and enhance the water quality to protect the critical infrastructure where the seawall is failing through the Lakeshore Drive Shoreline Restoration Project.

Location: Grosse Pointe Farms, MI

Amount Requested: \$1,000,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: Burtchville Township

Project Purpose: This funding will be used to support a 3.24-mile water main extension to the existing system in Burtchville Township.

Location: Lakeport, MI

Amount Requested: \$1,500,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: Berlin Charter Township

Project Purpose: This funding will be used to support an investment in the Berlin Township Water and Sewer Department Wastewater Treatment Plant, including the replacement of the effluent forcemain and its appurtenances.

Location: Newport, MI

Amount Requested: \$1,000,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of Livonia

Project Purpose: This funding will be used to support Bike/Walk Livonia, an initiative to expand non-motorized transportation within the city, while connecting to other communities and regional amenities.

Location: Livonia, MI

Amount Requested: \$1,200,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: Grand Valley State University

Project Purpose: This funding will be used to support the continuation of an existing environmental research program at Grand Valley State University.

Location: Allendale, MI

Amount Requested: \$100,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: Muskegon County

Project Purpose: This funding will be used to complete the infrastructure projects recommended in the 2017 Muskegon County Water System Reliability Study, which will provide the Eastside water customers with improved water quality, improved reliability, and flow.

Location: Muskegon, MI

Amount Requested: \$2,400,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: Mackinac Island Department of Public Works

Project Purpose: This funding will be used to support a project that is already underway to totally gut the existing Biddle Point Lift Station building and replace all pumps, controls, and related support and emergency operations.

Location: Mackinac Island, MI

Amount Requested: \$2,000,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: Mackinac Island Department of Public Works

Project Purpose: This funding will be used to offset costs beyond currently approved CWSRF loans for the replacement of a water main on Cadotte Avenue between Algonquin Road and 5th Street.

Location: Mackinac Island, MI

Amount Requested: \$500,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of Belding

Project Purpose: This funding will be used to support improvements to the City of Belding's wastewater treatment plant (WWTP), which it owns and operates and that provides wastewater treatment services to City residents.

Location: Belding, MI

Amount Requested: \$3,000,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of Center Line

Project Purpose: This funding will be used for high priority sewer repair projects in the City of Center Line.

Location: Center Line, MI

Amount Requested: \$900,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of Marysville

Project Purpose: This funding will be used to support infrastructure improvements to the City of Marysville's Water Treatment plant (WTP) and distribution system (DS).

Location: Marysville, MI

Amount Requested: \$1,089,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of St. Clair

Project Purpose: This funding will be used to support improvements to the City of St. Clair Water Tower/Booster Station, which are necessary to meet fire flow protection requirements as well as provide adequate pressure throughout the water distribution system.

Location: St. Clair, MI

Amount Requested: \$640,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of Portage

Project Purpose: This funding will support the Elijah Root Dam Removal project, which consists of removing the dam and providing ecological uplift to Portage Creek.

Location: Portage, MI

Amount Requested: \$1,200,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: Macomb County Public Works

Project Purpose: This funding will be used to support a pilot project to halt pollution before it reaches Lake St. Clair which has shown very promising results.

Location: Clinton Township, MI

Amount Requested: \$500,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: Township of Clay

Project Purpose: This funding will support the M-29 Water Main Replacement Project.

Location: Algonac, MI

Amount Requested: \$1,000,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: Charter Township of Chesterfield

Project Purpose: This funding will support the Maurice DeMuynck Anchor Bay Pump Station Repair project.

Location: Chesterfield, MI

Amount Requested: \$1,500,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: Oakland County

Project Purpose: This funding will be used support the extension of the NW Oakland Sanitary Sewer.

Location: Waterford, MI

Amount Requested: \$1,000,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of Lansing

Project Purpose: This funding will be used to remediate the closed and contaminated Paulson Landfill.

Location: Lansing, MI

Amount Requested: \$2,500,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of Saline

Project Purpose: This funding will be used to support a comprehensive rehabilitation of its Pollution Control Facility (Wastewater Treatment Plant).

Location: Saline, MI

Amount Requested: \$3,000,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of New Baltimore

Project Purpose: This funding will be used to support the City of New Baltimore in removing excessive debris build-up in the main sanitary sewer interceptor pipe and influent well at the plant.

Location: New Baltimore, MI

Amount Requested: \$990,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: Harrison Township

Project Purpose: This funding will be used to convert septic systems to sewer systems in Harrison Township.

Location: Harrison Township, MI

Amount Requested: \$1,000,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of St. Clair Shores

Project Purpose: This funding will be used to replace the existing culvert that runs underneath a roadway that connects the Coast Guard facility in St. Clair Shores to the mainland.

Location: St. Clair Shores, MI

Amount Requested: \$1,300,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of New Baltimore

Project Purpose: This funding will be used to support improvements and renovations of the Festival Park Comfort Station.

Location: New Baltimore, MI

Amount Requested: \$991,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of Northville

Project Purpose: This funding will be used to install a handicap-accessible entry to historic Ford Field from Northville's commercial district traversing a steep slope, stabilizing the embankment, and creating an important functional and beautiful entry point in harmony with the site's rich heritage.

Location: Northville, MI

Amount Requested: \$880,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: Detroit General Services Department

Project Purpose: This funding will be used to provide major improvements to a pool deck, gutter, and equipment at Patton Recreation Center in efforts to open the aquatic programs and to bring the poor condition of the pool to state of good repair.

Location: Detroit, MI

Amount Requested: \$3,000,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: Charter Township of Clinton

Project Purpose: This funding will be used to allow Clinton Township to continue to provide a designated pathway – separated from motorized traffic – through the region, connecting thousands of residents to Lake St. Clair and a regional trail system that is important to recreational opportunities in the State of Michigan.

Location: Clinton Township, MI

Amount Requested: \$750,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: Charter Township of Clinton

Project Purpose: This funding will be used to support repairs to a bridge over the Clinton River so George George Park can remain as beautiful and functional for the public as possible.

Location: Clinton Township, MI

Amount Requested: \$500,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of Detroit

Project Purpose: This funding will be used to accelerate tree planting in municipal parks identified using Detroit's newly developed Climate Equity Map as being especially susceptible to the adverse effects of climate change.

Location: Detroit, MI

Amount Requested: \$2,000,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: City of Grand Haven

Project Purpose: This funding will be used to support efforts to address legacy environmental contamination of an island that formerly was home to its municipally-owned coal power plant.

Location: Grand Haven, MI

Amount Requested: \$3,000,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: Charter Township of Shelby

Project Purpose: This funding will be used for a 7,800 square foot gymnasium addition along with multiple site improvements provides much needed program and activities space for the Shelby Township Activity and Senior Center.

Location: Shelby Township, MI

Amount Requested: \$3,000,000

Subcommittee: Interior, Environment, and Related Agencies

Recipient: Genesee County Parks and Recreation Commission

Project Purpose: This funding will be used to provide for design and construction engineering services focused on the renovation of historical structures, and will also fund the construction of the renovations, with respect to the preservation and accurate depiction of the historical structures.

Location: Flint, MI

Amount Requested: \$70,000

Subcommittee: Interior, Environment, and Related Agencies
