GARY PETERS
U.S. SENATOR for MICHIGAN

Local Projects Requested By Senator Peters Included in the FY2026 Government Funding Bills

Total: **92 projects for $123,995,000**

Agriculture, Rural Development, Food and Drug Administration, and Related Agencies

USDA ARS Greenhouse Repairs and Maintenance
Recipient: Michigan State University
Project Location: East Lansing, MI
Funding Received: $3,000,000
Project Purpose: The funding would be used for repairs and maintenance to improve the USDA Agriculture Research Service greenhouse at Michigan State University, which would help facilitate critical agriculture research.

Big Creek Township Fire Department Emergency Radio Upgrade
Recipient: Big Creek Township
Project Location: Big Creek, MI
Funding Received: $74,000
Project Purpose: The funding would be used to upgrade the Township's radio system so that it can effectively and efficiently communicate with other emergency response departments.\

Northwest Regional Fire Training Center Training Building
Recipient: Northwest Regional Fire training Center Authority
Project Location: Grand Traverse, MI
Funding Received: $80,000
Project Purpose: The funding would be used to construct a new fire training facility to support education and training needs for fire, EMS, local and state law enforcement, and maritime professionals.

City of Rockwood Fire Engine Acquisition
Recipient: City of Rockwood
Project Location: Rockwood, MI
Funding Received: $765,000
Project Purpose: The funding would be used to purchase a new fire engine to assist with fire protection and suppression activities.

Lakeview District Fire Department Wildfire Rigs
Recipient: Lakeview District Fire Department
Project Location: Montcalm, MI
Funding Received: $245,000

Project Purpose: The funding would be used to purchase new wildfire rigs to protect the community and its property from wildfire threats.

Caro District Library Elevator Modernization
Recipient: Caro Area District Library
Project Location: Caro, MI
Funding Received: $200,000
Project Purpose: The funding would be used to modernize the 46yearold elevator at the Caro Area District library.

City of Berkley Fire Engine Replacement
Recipient: City of Berkley
Project Location: Berkley, MI
Funding Received: $385,000
Project Purpose: The funding would be used to replace the primary frontline fire engine responsible for responding to fire and vehicle extraction emergencies.

Village of Ontonagon Plow Truck Acquisition Project
Recipient: Village of Ontonagon
Project Location: Ontonagon, MI
Funding Received: $169,000
Project Purpose: The funding would be used to purchase a plow truck needed to keep streets and alleyways clear of snow and ice for residents' and visitors' safety.

City of Bad Axe Public Safety Building
Recipient: City of Bad Axe
Project Location: Bad Axe, MI
Funding Received: $850,000
Project Purpose: The funding would be used to construct a new public safety building that would help ensure that first responders have the resources they need to efficiently and effectively respond to emergencies.

Library Facility Improvements
Recipient: City of Rockford
Project Location: Rockford, MI
Funding Received: $1,000,000
Project Purpose: The funding would be used to expand the library.

Escanaba Public Safety Department New Aerial Ladder Truck
Recipient: Escanaba Public Safety Department
Project Location: Escanaba, MI
Funding Received: $700,000
Project Purpose: The funding would be used to replace an aerial ladder fire truck essential to providing critical, safe, and efficient emergency and fire services for the community.

Central Montcalm Early Childhood Center
Recipient: Central Montcalm Early Childhood Center
Project Location: Montcalm, MI
Funding Received: $225,000
Project Purpose: The funding would be used to expand the school's Early Childhood center to provide more child care and educational services for the community.

City of Alpena Fire Truck Replacement
Recipient: City of Alpena
Project Location: Alpena, MI
Funding Received: $1,105,000
Project Purpose: The funding would be used to replace an essential aerial ladder fire truck to ensure efficient and safe operations.

City of Big Rapids Fire Truck Acquisition
Recipient: City of Big Rapids
Project Location: Big Rapids, MI
Funding Received: $378,000
Project Purpose: The funding would be used to purchase a new fire truck to improve the community's safety and fire suppression efforts' effectiveness.

Commerce, Science, Justice, and Related Agencies

Safe and Secure AI Manufacturing Implementation Program
Recipient: Michigan Technological University
Project Location: Houghton, MI
Funding Received: $2,000,000
Project Purpose: This funding would be used to support research into and deployment of AI standards and practices to support small and medium manufacturers

Great Lakes Regional Coordination
Recipient Name: Great Lakes Commission
Project Location: Washtenaw, MI
Funding Received: $1,500,000
Project Purpose: This funding would be used to address water quality, nutrient pollution, harmful algal blooms, aquatic invasive species, and coastal management within the Great Lakes region.

Eaton County Security Infrastructure
Recipient Name: Eaton County
Project Location: Eaton County, MI
Funding Received: $414,351

Project Purpose: This funding would be used to support security system improvements at the Eaton County Governmental Complex.

CLEMIS Modernization and Transformation Project
Recipient Name: Oakland County
Project Location: Oakland, MI
Funding Received: $1,031,000
Project Purpose: This funding would be used to upgrade a management information system resulting in improved community policing and greater transparency and oversight.

City of Detroit Pathway to Employment
Recipient Name: City of Detroit
Project Location: Detroit, MI
Funding Received: $600,000
Project Purpose: This funding would be used to support reentry opportunities for Detroiters and create better opportunities for education and employment.

Law Enforcement Safety Equipment
Recipient Name: Oakland County Sheriff's Office
Project Location: Oakland, MI
Funding Received: $26,000
Project Purpose: This funding would be used to purchase safety equipment for officers who patrol via motorcycle.

Westland Police Technology Update
Recipient Name: City of Westland
Project Location: Wayne, MI
Funding Received: $100,000
Project Purpose: This funding would be used to support the replacement of aging incar computer systems.

Officer Safety Equipment
Recipient Name: City of Warren Police Department
Project Location: Macomb, MI
Funding Received: $38,000
Project Purpose: This funding would be used to support the purchase of officer safety equipment to aid officers during traffic stops and investigations.

Kalamazoo Department of Public Safety Patrol Vehicles
Recipient Name: City of Kalamazoo
respond to service calls.
Project Location: Kalamazoo, MI
Funding Received: $490,000
Project Purpose: This funding would be used to support upgrades to public safety vehicles to

DNA Analysis Technology
Recipient Name: Van Buren County
Project Location: Van Buren, MI
Funding Received: $576,000
Project Purpose: This funding would be used to support the purchase of a system to rapidly process DNA throughout the region, reducing a current DNA processing backlog and enabling crimes to be solved more quickly.

East Lansing Police Department Public Safety & Security Enhancements Initiative
Recipient Name: City of East Lansing
Project Location: East Lansing, MI
Funding Received: $472,000
Project Purpose: This funding would be used to support safety and security enhancements at government facilities in East Lansing.

Patrol Vehicles Replacement for an Aging Fleet
Recipient Name: County of Houghton
Project Location: Houghton, MI
Funding Received: $385,000
Project Purpose: This funding would be used to replace an aging patrol vehicle fleet to continue to serve residents.

Canton Township BiDirectional Antennas Project
Recipient Name: Charter Township of Canton
Project Location: Township of Canton, MI
Funding Received: $1,031,000
Project Purpose: This funding would be used to purchase radio boosters that will help enhance public safety communications.

Marquette Police Department Portable Radio Upgrades
Recipient Name: City of Marquette
Project Location: Marquette, MI
Funding Received: $264,000
Project Purpose: This funding would be used to purchase portable radios critical to police communications.

Energy and Water Development

Michigan, Section 219
Recipient Name: U.S. Army Corps of Engineers
Project Location: Detroit, MI
Funding Received: $9,000,000
Project Purpose: The funding would be used to replace lead service lines in Detroit.

Great Lakes Coastal Resiliency Study
Recipient Name: U.S. Army Corps of Engineers
Project Location: Great Lakes Basin
Funding Received: $3,000,0000
Project Purpose: The funding would be used to develop a coordinated strategy to manage and protect the Great Lakes and its 5,200mile coastline from threats associated with lake level fluctuations, erosion, flooding, nutrient runoff, and aging infrastructure.

Financial Services and General Government

Digital Preservation of the Lansing Labor News Newspaper
Recipient: Michigan State University
Project Location: East Lansing, MI
Funding Received: $210,000
Project Purpose: This funding will support the digital preservation of the Lansing Labor News in order to preserve the historical record of the Lansing region.

Supporting Wayne County Small Business
Recipient: Wayne State University
Project Location: Wayne County, MI
Funding Received: $1,000,000
Project Purpose: This funding will expand entrepreneurial support and training and small business development in Wayne County.

Westside Service Center Renovation Initiative
Recipient: City of Grand Rapids
Project Location: Grand Rapids, MI
Funding Received: $1,803,000
Project Purpose: This funding will support services for small businesses, entrepreneurs, and job seekers by modernizing the current office space of West Michigan Works! in Grand Rapids to enhance services for small businesses, aspiring entrepreneurs, and job seekers, improving overall accessibility and efficiency.

Homeland Security

Walter Mary Burke Park Shoreline Restoration Project
Recipient: City of New Baltimore
Project Location: New Baltimore, MI
Funding Received: $1,000,000
Project Purpose: This funding would support the replacement of a failing seawall at Walter Mary Burke Park.

Interior, Environment, and Related Agencies

City of Auburn Hills for Stormwater Infrastructure
Recipient Name: City of Auburn Hills
Project Location: Auburn Hills, MI
Funding Received: $723,200
Project Purpose: The funding would be used to make improvements to two stormwater retention basins.

City of Grand Haven for Harbor Island Drinking Water Treatment Remediation
Recipient Name: City of Grand Haven
Project Location: Grand Haven, MI
Funding Received: $1,092,000
Project Purpose: The funding would be used to address pollutants in a former coal community, and preserve and protect land in the center of the Grand River and is leads out to Lake Michigan proximate to the municipality's drinking water intakes.

Great Lakes Water Authority for Freud & Conners Creek Pump Station Rehabilitation
Recipient Name: Great Lakes Water Authority
Project Location: Wayne County, MI
Funding Received: $1,092,000
Project Purpose: The funding would be used to design and construct improvements to both the Freud and Conner Creek pump stations, built in 1954 and 1928, respectively.

Great Lakes Water Authority for Oakwood District Intercommunity Relief Sewer Modification
Recipient Name: Great Lakes Water Authority
Project Location: Wayne County, MI
Funding Received: $1,092,000
Project Purpose: The purpose of this project is to design and construct isolation of the downstream portion of the Northwest Interceptor from the Water Resources Recovery Facility (WRRF) and divert flow to the Oakwood Pump Station.

Marquette County for K.I. Sawyer Wastewater Treatment Plant Disinfection Upgrades
Recipient Name: Marquette County
Project Location: Marquette, MI
Funding Received: $1,370,000
Project Purpose: The funding would be used to upgrade the disinfection system at the K.I. Sawyer Wastewater Treatment Plant.

Charter Township of Fenton for Water Line Replacement Project
Recipient Name: Charter Township of Fenton
Project Location: Fenton, MI
Funding Received: $1,092,000
Project Purpose: The funding would be used to connect Fenton Township, the City of Linden, and Mundy Township to the Genesee County public water distribution system for potable water.

Charter Township of Grayling for Camp Grayling PFOS Contamination Municipal Water Extension
Recipient Name: Charter Township of Grayling
Project Location: Grayling, MI
Funding Received: $3,000,000
Project Purpose: The funding would be used to provide clean, safe drinking water through a new municipal water system to residents whose water wells have been contaminated from PFAS migrating off the Grayling Army Airfield and Camp Grayling.

City of Berkley for Lead Water Service Line Replacements
Recipient Name: City of Berkley
Project Location: Berkley, MI
Funding Received: $1,092,000
Project Purpose: The funding would be used to replace approximately 250 lead water service lines.

City of Cadillac for Water Distribution Project
Recipient Name: City of Cadillac
Project Location: Cadillac, MI
Funding Received: $1,460,000
Project Purpose: The funding would be used to connect 150 properties that are impacted by PFAS contamination to the City's Municipal Water system in order to better ensure access to clean drinking water.

City of Grand Blanc for the Blast the Mains and Roll in the New Project
Recipient Name: City of Grand Blanc
Project Location: Genesee County, MI
Funding Received: $1,000,000
Project Purpose: The funding would be used to modernize the water mains throughout the city, reducing inefficiencies and water loss and improving water reliability for residents and businesses.

City of St. Ignace for Water and Wastewater SCADA Communication System
Recipient Name: City of St. Ignace
Project Location: St. Ignace, MI
Funding Received: $36,000
Project Purpose: The funding would be used to update the communication system that controls the facility's alarms and communication between water plant and wastewater plant and other facility operations.

City of Tawas City for Primary Transmission Main Project
Recipient Name: City of Tawas City
Project Location: Tawas City, MI
Funding Received: $1,000,000

Project Purpose: The funding would be used to provide the City a direct water main connection to the Huron Shores Regional Utility Authority to help prevent any disruptions in water services to the City's residents, businesses, and county services.

Oakland County for Pontiac Drinking Water System Improvements
Recipient Name: Oakland County
Project Location: Oakland County, MI
Funding Received: $1,000,000
Project Purpose: The funding would be used to improve drinking water quality and reliability for Pontiac residents.

Village of Bellevue for New Potable Drinking Water Well
Recipient Name: Village of Bellevue
Project Location: Bellevue, MI
Funding Received: $144,000
Project Purpose: The funding would be used to build a new drinking water well to ensure continued safe drinking water for the residents and surrounding community.

Ypsilanti Community Utilities Authority for Water Main Improvement Project
Recipient Name: Ypsilanti Community Utilities Authority
Project Location: Ypsilanti, MI
Funding Received: $1,092,000
Project Purpose: The funding would be used to upgrade water mains in Ypsilanti.

Wayne State University for the Preservation of the Historic Freer House Exterior Envelope
Recipient Name: Wayne State University
Project Location: Wayne County, MI
Funding Received: $550,000
Project Purpose: The funding would be used to repair exterior masonry tuckpointing using historically appropriate methods and to replace damaged and deteriorating chimney, roofing, and flashing in select areas.

Labor, Health and Human Services, Education, and Related Agencies

Detroit Public Schools Community District, MI, to improve education and workforce training, including the purchase of equipment
Recipient: Detroit Public Schools Community District
Project Location: Wayne County, MI
Funding Received: $1,000,000
Project Purpose: This funding would be used to provide new opportunities for college credit, career credentials, and workforce experience to increase high school graduation rates.

Downriver Community College, MI, for workforce training, including providing supportive services
Recipient: Downriver Community College
Project Location: Wayne County, MI
Funding Received: $750,000
Project Purpose: This funding would be used to train, upskill, and recruit workers to fill shortages in critical occupations.

Jackson County Airport Reynolds Field, MI, for improving aviation maintenance training, including the purchase of equipment
Recipient: Jackson County Airport Reynolds Field
Project Location: Jackson County, MI
Funding Received: $500,000
Project Purpose: This funding would be used to increase access to aviation technician training for current secondary school students and highly qualified recent graduates.

Ferris State University, MI, for facilities and equipment to renovate clinical and teaching space
Recipient: Ferris State University
Project Location: Mecosta County, MI
Funding Received: $1,950,000
Project Purpose: This funding would be used to upgrade clinical and teaching spaces for various programs to improve health care outcomes in rural areas.

Calhoun County Community Health Authority, MI, for community based mental health services through crisis centers
Recipient: Calhoun County Community Mental Health Authority
Project Location: Calhoun County, MI
Funding Received: $750,000
Project Purpose: This funding would be used for crisis centers to provide youth and families with community based mental health support.

Central Michigan University, MI, for distance education technology and in person instruction related to health career education
Recipient: Central Michigan University
Project Location: Isabella County, MI
Funding Received: $1,226,000
Project Purpose: This funding would be used to support distance education technology and inperson instruction to bring health career education into secondary school classrooms located in rural underserved counties.

Kent Intermediate School District, MI, for career and technical education
Recipient: Kent Intermediate School District
Project Location: Kent County, MI
Funding Received: $750,000

Project Purpose: This funding would be used to reduce the waitlist for CTE courses at the Kent Career Tech Center (KCTC).

Shiawassee Regional Education Service District, MI, for equipment for career and technical education
Recipient: Shiawassee Regional Education Service District
Project Location: Shiawassee County, MI
Funding Received: $267,000
Project Purpose: This funding would be used to provide current industry equipment in high school Career and Technical Education training programs to ensure students are wellprepared for high demand and high wage roles with regional employers.

Tri County Area Schools, MI, to acquire and install playground equipment for an early childhood education center
Recipient: Tri County Area Schools
Project Location: Montcalm County, MI
Funding Received: $50,000
Project Purpose: This funding would be used to create an early childhood center for preschool and early childhood special education.

Eastern Michigan University, MI for expanding aviation education, including the purchase of equipment
Recipient: Eastern Michigan University
Project Location: Washtenaw County, MI
Funding Received: $985,000
Project Purpose: This funding would be used to expand Eastern Michigan University's accredited aviation program to train more aviation professionals.

Grand Valley State University, MI, for improving education for veterans and underserved students, including the purchase of equipment
Recipient: Grand Valley State University
Project Location: Ottawa County, MI
Funding Received: $500,000
Project Purpose: This funding would be used to develop and expand curricula to veterans and rural underserved students.

Macomb Community College, MI, for academic and support services, including the purchase of technology
Recipient: Macomb Community College
Project Location: Macomb County, MI
Funding Received: $230,000
Project Purpose: This funding would be used to scale student tutoring and academic support to reduce achievement gaps and improve student success rates.

Northern Michigan University, MI, for improving cybersecurity education, including purchasing equipment and technology
Recipient: Northern Michigan University
Project Location: Marquette County, MI
Funding Received: $606,000
Project Purpose: This funding would be used to support an advanced cybersecurity classroom and laboratory project, including upgrading the school's Auto and Truck Cyber Program and utilizing a mobile cybersecurity lab that can be brought to K12 students.

Saginaw Valley State University, MI, for improving environmental research opportunities for students, including purchasing equipment
Recipient: Saginaw Valley State University
Project Location: Bay County, MI
Funding Received: $1,500,000
Project Purpose: This funding would be used to provide equipment and technology upgrades for the Lake Huron Environmental Research Station.

Schoolcraft Community College District, MI, for an apprenticeship program, including purchasing equipment and providing financial aid and student stipends
Recipient: Schoolcraft Community College District
Project Location: Wayne County, MI
Funding Received: $2,000,000
Project Purpose: This funding would be used to allow students to learn a trade while dually earning college credit.

Western Michigan University, MI, for education and training in aviation, including purchasing equipment
Recipient: Western Michigan University
Project Location: Calhoun County, MI
Funding Received: $819,000
Project Purpose: This funding would be used to invest in recruitment and training equipment to prepare highly qualified graduates for the aviation industry.

Military Construction, Veterans Affairs, and Related Agencies

Mitigate Runway Encroachment: Design
Recipient: Selfridge Air National Guard Base
Project Location: Harrison Township, MI
Funding Received: $10,000,000
Project Purpose: This funding would allow for the construction of runway improvements to avoid encroachment issues within the 3,000' x 3,000' clear zone at the south end of Selfridge's runway. This runway improvement ensures timely future mission bed downs.

F15EX Bed Down: Design
Recipient: Selfridge Air National Guard Base
Project Location: Harrison Township, MI
Funding Received: $10,000,000
Project Purpose: FY26 funding to accelerate projects identified by the Site Activation Task Force to assist bed down of F15EX fighters at Selfridge.

Transportation, Housing, Urban Development, and Related Agencies

New Jet Bridges at Capital Region International Airport (LAN)
Recipient: Capital Region Airport (LAN)
Project Location: Lansing, MI
Funding Received: $7,823,000
Project Purpose: The funding will be used to design, acquire, and install new passenger boarding bridges at the Capital Region International Airport.

Federal Inspection Station Phase 2 (GRR)
Recipient: Gerald R. Ford International Airport Authority
Project Location: Kent County, MI
Funding Received: $800,000
Project Purpose: This funding would be used to install the second of two baggage claim devices to expand existing capacity and prepare for expansion of international flights.

Cross Street and Prospect Street Bridge Rehabilitation
Recipient: City of Ypsilanti
Project Location: City of Ypsilanti, MI
Funding Received: $250,000
Project Purpose: Cross and Prospect Streets bridge rehabilitation will replace the superstructures on two vital crossings in the City of Ypsilanti to remove load postings and traffic restrictions due to deterioration of the bridges.

Silverwood Road from Clifford Road to Castle Road Resurfacing Project
Recipient: Lapeer County Road Commission
Project Location: Lapeer, MI
Funding Received: $3,112,000
Project Purpose: The funding will go towards resurfacing and reconstruction Silverwood Road from Clifford Road to Castle Road.

Patterson Avenue Resurfacing
Recipient: Kent County Road Commission
Project Location: Cascade Township, MI
Funding Received: $250,000

Project Purpose: Patterson Avenue Resurfacing to improve the deteriorating pavement surface on a high volume roadway with a new asphalt surface.

Reconstruction of Mound Road from 8 Miles to I696
Recipient: City of Warren
Project Location: Warren, MI
Funding Received: $750,000
Project Purpose: This funding would be used to contribute to the second phase of the Mound Road Reconstruction project, improving a corridor that serves critical defense and manufacturing entities.

Saginaw Road Bridge Reconstruction Project
Recipient: Village of Sanford
Project Location: Sanford, MI
Funding Received: $955,000
Project Purpose: This funding would be used in the early phases of a project to replace the Saginaw Road Bridge, the primary east west route over the Tittabawassee River connecting the cities of Midland, Coleman, and Clare that was severely damaged by flooding and the failure of two dams in mid Michigan in 2020.

Red Run Park Bridge Installation Project
Recipient: City of Sterling Heights
Project Location: Sterling Heights, MI
Funding Received: $1,000,000
Project Purpose: This funding will construct a nonmotorized bridge connecting the Baumgartner Sports Complex to the planned Red Run Park in Sterling Heights, providing safe, nonmotorized access to recreational space and to a nearby Smart Bus transit route for commuters.

The Rapid's Collision Avoidance and Pedestrian Alert System Project
Recipient: Interurban Transit Partnership
Project Location: Kent, MI
Funding Received: $750,000
Project Purpose: This funding would be used to equip Rapid buses with Collision Avoidance and Pedestrian Alert technology to reduce crashes and improve transit safety in the community.

Woodward Avenue Dedicated Transit Lanes
Recipient: Regional Transit Authority of Southeast Michigan
Project Location: Detroit, MI
Funding Received: $2,600,000
Project Purpose: This funding would be used to extend and build new dedicated transit lanes on Woodward Avenue to expand and improve public transportation along the corridor.

Ypsilanti Transit Center Safety and Security Improvements
Recipient: Ann Arbor Area Transportation Authority (AAATA, The Ride)
Project Location: Washtenaw County, MI
Funding Received: $750,000

Project Purpose: The funding will support the reconstruction of the Ypsilanti Transit Center (YTC) immediately adjacent to its existing location with new safety and security features.

Strategic Cargo Infrastructure Project
Recipient: Port of Monroe
Project Location: Monroe, MI
Funding Received: $3,600,000
Project Purpose: The funding would support infrastructure improvements that would enhance the port's export capacity, improve logistic efficiency, and strengthen shipping in the Great Lakes region.

Grand River Neighborhood Enhancement and Accessibility Bridge
Recipient: Grand Rapids Kent County Convention/Arena Authority
Project Location: Kent County, MI
Funding Received: $250,000
Project Purpose: This transformational urban project eases congestion, links neighborhoods, aids in providing safe travel, and provides transportation choices for all citizens who may not have the resources to travel.

Bike/Walk Livonia Stark Road Widening and Active Transportation Infrastructure
Recipient: City of Livonia
Project Location: Livonia, MI
Funding Received: $850,000
Project Purpose: Bike/Walk Livonia Linking Livonia to the Entire Region Via Bicycle, in tandem with the city's overall master plan, Livonia Vision 21, seeks to link the heart of Livonia to all 36 square miles and into the surrounding region.

Hope Apartments Supportive Housing and Site Development and Construction for Youth Aging out of Foster Care
Recipient: City of Southfield
Project Location: Southfield, MI
Funding Received: $850,000
Project Purpose: This funding would be used to create supportive housing units for youth aging out of foster care as well as construct community center space that will include medical, dental, and other health clinics.

Redford Chart Township Lead Service Lines Replacement
Recipient: Redford Charter Township
Project Location: Redford Charter Township, MI
Funding Received: $2,000,000
Project Purpose: This funding will be used for the replacement of lead service lines in Redford Charter Township.

Archdale Senior Affordable Housing
Recipient: City of Detroit Housing and Revitalization Department
Project Location: Detroit, MI

Funding Received: $500,000
Project Purpose: This funding will be to assist in the development and construction of a senior affordable housing project on 12 vacant parcels of land in Detroit.

Ecorse Creek Bridge and Culvert Replacement
Recipient: Downriver Community Conference
Project Location: Wayne County, MI
Funding Received: $2,500,000
Project Purpose: This funding would be used to support the Ecorse Creek ecosystem restoration project to alleviate flooding in the North Branch Ecorse Creek watershed by removing and replacing bridges and culverts.

Housing Facility to Support Substance Abuse Recovery
Recipient: Grand Traverse Band of Ottawa and Chippewa Indians
Project Location: Peshawbestown, MI
Funding Received: $574,000
Project Purpose: This funding would be used for planning and design for the development of a longterm housing facility to support substance abuse recovery to provide persons recovering from substance abuse and related issues with stable housing to facilitate long term recovery.

Early Learning STEM Center
Recipient: City of Albion, MI
Project Location: Albion, MI
Funding Received: $500,000
Project Purpose: Kids 'N' Stuff: An Interactive Experience for Kids is a cornerstone of early learning and STEM education in Albion, Michigan. As one of the only hands on Learning Centers in the region, it provides families with a place where children can explore science, technology, engineering, and math in an engaging, interactive environment. However, the center's aging 19thcentury building requires critical renovations to ensure it remains a safe, modern, and dynamic space for young learners. Without these upgrades, the center's ability to offer high quality educational experiences will be limited, and children in the community will miss out on valuable early learning opportunities.

Garner Street Housing Development
Recipient: City of Southfield
Project Location: Southfield, MI
Funding Received: $1,200,000
Project Purpose: The City of Southfield is partnering with SF Community Renewal Corporation and Habitat for Humanity of Oakland County to build 57 units of single and multifamily housing to meet the urgent need and serve residents at 120% Area Median Income or below.

Flint Eastside Market and Residential Units Project
Recipient: City of Flint
Project Location: Genesee County, MI
Funding Received: $2,000,000

Project Purpose: The Project aims to revitalize the Lewis St. corridor, once serving as Flint's Eastside Financial Corridor. Located directly across the street from the newly developed Early Childhood Education Center (11,000 sq. ft.), this project will provide 14 affordable housing units (one and two bedroom apartments) & 11,000 sq. ft. of commercial space for small businesses and entrepreneurs.

Fire Station Clean Up
Recipient: City of Bay City
Project Location: Bay County, MI
Funding Received: $959,000
Project Purpose: PFOS Contamination CleanUp through excavation and demolition of existing fire station.

Berston Field House Expansion and Renovation Project
Recipient: City of Flint
Project Location: Genesee County, MI
Funding Received: $6,320,000
Project Purpose: The Berston Field House Expansion and Renovation Project will renovate the 100yearold historic site and build a new state of the art recreation and community center to expand services, amenities, programming, and opportunities to serve more people.
